

## COUNTY'S OFFICIAL DRAFT LIST FAILS TO ARRIVE HERE TODAY

However, Daily Republican Receives Government's List and is Able To Give First 132

### BOARD EXPECTS IT TOMORROW

In That Event, First Men Will Probably Be Called Up For Examination Week From Monday

### ONE-THIRD THE FIRST DAY

Remainder Will Be Called Two Succeeding Days—Everyone Believes 132 Is Not Enough

The official list of the draft numbers drawn at Washington last Friday failed to arrive at the office of the clerk of the county selection (exemption) board this morning so that the calling of the men necessary to complete Rush county's quota for the first draft had to be postponed another day.

However, the Daily Republican received an official list from Washington this morning—the list issued in printed form by the government—and is able to give today in the next column the official list of the first one hundred and thirty-two men who will be called up for examination for the county quota. The Daily Republican received its list through the United Press associations.

Everyone believes that more than the first one hundred and thirty-two will be required to make Rush county's quota, but the board's instructions are to call only twice as many men as the county's quota, which is sixty-six.

It was found in making up the list of the first one hundred and thirty-two today from the official list, that it compared exactly with the corrected list published in the Daily Republican.

The county board's list was expected last night or this morning. Its failure to arrive is explained by George Moore, Jr., clerk of the board, by the fact that the authorities at Washington sent out the printed numbers in the order they were drawn by states and left it to the state conscription agent to distribute them among the selection districts. Clerk Moore expects to receive his list from Indianapolis this evening or in the morning.

In case the list reaches here by tomorrow morning, the selection board will begin at once picking out the numbers which apply to Rush county in the order that they were drawn. The board is allowed three days for this task. That completed by next Monday evening, they will likely send out the notices to the first men called on Tuesday. The law says the first one-third of the men shall be ordered to report five days after the notices are sent; the second one-third on the sixth day; the third and last one-third on the seventh day; or, if the physician member of the board chooses, they may be called up in two divisions. It is expected, however, that the board here will call the men up in three divisions.

If everything works out as it is now expected it will, the first one-third will be ordered to report on Monday, August 6 and the remainder on the two succeeding days. If the first one hundred and thirty-two men are not enough to make up the quota, more will have to be called, but the local board has never been able to find anything in the instructions to govern their actions in that eventuality. It is presumed by the board that the men above No. 132 who have to be called to fill out the quota are entitled to the same consideration as the first ones called, which would mean that they could not be called until five days

COAL TRANSPORTATION UP

(By United Press)

Washington, July 28.—The interstate commerce commission, in accordance with its findings in the 15 per cent case, today granted an increase of 10 per cent a ton on transportation charges on bituminous coal from the mines in Illinois, Kentucky, Tennessee and Alabama.

### YIELD 40 BUSHELS TO AGRICULTURE

H. M. Newhouse Center Township Establishes Record to Date

H. M. Newhouse of Center township has the banner wheat yield of the season and is only sorry that the field from which the wheat came was not larger. Mr. Newhouse had a field of eight and one-half acres that gave a yield of forty bushels to the acre. The land was farmed by Charles Atkins. A stand of big English clover was turned under and fertilizer used. A return of almost \$700 from a field of eight and one-half acres is almost, if not, a record for Rush county.

### INJURIES IN MOTOR CRASH PROVE FATAL

James Newsome, formerly of Carthage, dies at Newcastle Today—Accident Sunday

### HIS MOTORCYCLE HIT JITTERY

James Newsome, colored, 35 years old, a former resident of Carthage, died last night in a hospital in Newcastle following injuries received last Sunday when he crashed into a jittery bus while riding a motorcycle. Newsome struck the jittery at a street intersection. He sustained a fracture of the skull and Tuesday underwent an operation in the hope of relieving his condition but it proved futile.

Newsome was a resident of Greensboro. He is survived by his widow and two children. The funeral services will be conducted at the late residence in Greensboro Saturday afternoon at one o'clock and a burial will take place in Carthage.

### FIELD HOSPITAL MEN WILL STAY IN HOMES

When Ordered to Mobilize August 5, They Will Not Have to Go Into Camp, Major Says

### FEDERAL INSPECTION FRIDAY

Members of the field hospital unit organized here were told at the drill in the court house last night by Major Carey that when the Indiana National Guard was called out Sunday, August 5, the corps would not go into camp, but that the men would be expected to report at the court house a certain number of hours each day for drill and eat and sleep at their homes as usual.

This procedure will be followed until the Fourth Indiana infantry, to which the unit here will be attached, is called to a permanent camp. The hospital unit recruits had visions of going into camp at the fair ground with Company B when the Indiana Guard is ordered to mobilize a week from next Sunday. Just when the state troops will be ordered to Hattiesburg, Miss., where they will be trained is not known here.

Lieut. Green received word this afternoon from Major Carey that the local unit would be inspected by federal officer Friday night. All members of the unit are expected to be at the court house at seven-thirty o'clock for the inspection.

### COAL TRANSPORTATION UP

(By United Press)

Washington, July 28.—The interstate commerce commission, in accordance with its findings in the 15 per cent case, today granted an increase of 10 per cent a ton on transportation charges on bituminous coal from the mines in Illinois, Kentucky, Tennessee and Alabama.

### TO VOTE ON PROHIBITION

Senate Wet and Dry Leaders Reach Agreement on Amendment

(By United Press)

Washington, July 26.—A senate vote on a national prohibition amendment will be taken at four o'clock next Wednesday, according to private agreement reached by wet and dry leaders today. The debate on the measure is to begin Tuesday. Part of the agreement is that the amendment must provide, unless ratified within six years by the thirty-six states required to put it in the constitution, it dies.

### CAN ACCEPT MEN IN CO. B. ONLY FEW DAYS

Five More Men Are Wanted After Two Are Enlisted Wednesday Night at Weekly Drill

### BOTH FROM DECATUR COUNTY

With the first letters calling the men to report for physical examinations under the draft law to go forward not later than next Tuesday the number of days for voluntary enlistment in the national guard company is gradually growing less. Company B is in need of five more men and it is hoped to secure these by the time the letters of notification are sent out. After the letters have gone forward volunteering automatically stops.

Two men from Decatur county were enlisted here last night at the regular weekly drill. A total of 116 men attended the drill at the city park, and it was one of the best the company has yet held. There was no speaking on the program last night.

### TO GIVE WAR OUTLOOK MUCH BRIGHTER GLOW

Government and Russian Embassy Join For This Purpose, Declaring Conditions Are Not Bad.

### RUSSIA HAS NOT COLLAPSED

(By United Press)

Washington, July 26.—The government and the Russian embassy today joined in efforts to give the war outlook a brighter glow.

Members of the president's cabinet including Secretary Baker and Secretary Redfield denied that conditions on the west front of Europe were such as to cause alarm or dismay to the United States.

Redfield said reports of army officers returned from France were most encouraging.

The Russian embassy denied the implication that Russia's war machine has collapsed but that most of the army was fighting gallantly and that soon the whole situation would clear.

Meantime the gloom in the situation shown in private by army and navy officials and reflected through the press of the country is serving to stimulate recruiting, reports to the war department showed today.

### FIRST CALL WILL BE OCT 1

Senator Lewis Says Men For New Army Will be Called Then

(By United Press)

Washington, July 26.—Senator Lewis said today that the first call for men in the new army would be made on Oct. 1, next. Lewis as democratic whip is credited with inside information.

In regard to the national guard now under arms, Lewis said they would be in France before January 1.

### SWEET KILLED AND NEARY IS INJURED

Men Working Around Threshing Machine Hit by Lightning Yesterday Afternoon Stunned

### HORSES ARE KNOCKED DOWN

Harry Sweet is Instantly Killed And Ross Neary Revives Before Men With Lung-Motor Arrive

Harry Sweet, 51 years old, was killed instantly and Ross Neary, of this city, a former policeman, was seriously injured by a bolt of lightning which struck the threshing machine yesterday afternoon at the Glidden farm, southwest of Raleigh. Neary will recover, but for a time it was believed he was fatally hurt.

The lung-motor was taken to the scene of the accident, but Mr. Neary revived shortly before it arrived. Mr. Sweet was killed outright.

The bolt struck with terrific force and most of the men working around the machine were stunned and several teams of horses were knocked down. Mr. Sweet and Mr. Neary were on top of the separator. The bolt struck Mr. Sweet on the right side of the head, passed along the right side of his body and out the right foot. His right shoe was torn completely off. The force of the bolt knocked Mr. Sweet and Mr. Neary off the separator.

The men were aware of the storms' coming and everyone was bending all efforts to thrash the few wagons of wheat before the rain forced them to quit for the day, and for this reason the men did not seek shelter.

Lieu. Oneal of the firm of Oneal Brothers had a narrow escape. He was on top of the separator talking to Mr. Sweet and Neary only a few seconds before the lightning struck. In fact, he had just gotten down on the ground when the bolt hit.

Mr. Sweet was widely known throughout the county. He operated several threshing outfits. Mr. Sweet was a son of Mr. and Mrs. Richard Sweet of Raleigh. Besides his parents he is survived by his widow and two children. He also leaves four brothers, Charles Sweet, Owen Sweet, George Sweet and Carl Sweet, of Bentonville, and one sister, Mrs. John K

## RECRUITS SHOWN HOW TO TIE KNOTS

Future Seamen of Uncle Sam Given Special Instruction at Great Lakes

### USE THREE KINDS OF ROPE

Before a Bluejacket Goes Aboard Ship He Must Master Art of Making Knots

Great Lakes, Ill., July 26.—Knoty problems in sailor knots form a regular part of the recruit's day at the United States Naval Training Station here, where 10,000 freshwater farm boys, collegians, factory apprentices, and clerks from the freshwater states are being made into deep water sailors. There are a number of spars, rigging lofts and platforms to represent the several decks of a battleship upon which the recruits line up and learn to tie sailor's knots of all variations.

Before a bluejacket goes aboard ship, he must be a master of knots and the work is given every bit as much attention at the Station as drill, physical training, or boat practice. To the west of the parade grounds, in the center of the naval reservation is the rigging loft in which the recruit must qualify before he can be rated a second-class seaman. The men are taught first to tie the simplest knots, known as the overhead knot and that is used ordinarily in tying bundles. Bit by bit, he progresses until he can tie ropes in all manner of intricate fashion. The names of some of these savor of the deep sea, for example there is the figure eight, the overhead, the square, the tomfool, the diamond, the French shroud, the lanyard, the monkey's fist, the sennit, the double and single Matthew Walker, the marlinspike hitch, the blackwell hitch, short splices, long splices, eye splices, wire rope splices, the stopper knot and many others.

And finally, when he is graduated from the rigging loft he can tie a bowline knot to make a ship fast as it docks as easily as he can prepare a bowline on the bight for the purpose of slinging casks or loading stores. All are experts on the square knot, for it is this knot that usually catches the eye of Captain W. A. Moffett, Commandant, on inspection days.

Three kinds of rope are used by bluejackets in tying the knots, manila, tarred hemp, and untarred hemp.

## JULY WHEAT GOES UP FIVE AND HALF CENTS

Other Grain in Chicago Holds Steady and Local Grain Quotations Are Unchanged.

### HOGS ARE 20 CENTS HIGHER

July wheat prices in Chicago went up five and a half cents today, but local wheat quotations were the same today after a gain of 20 cents in two days. September wheat in Chicago was three and a half cents higher and other grain was steady, with the exception of July oats, which went up three cents.

Indianapolis hog prices were twenty cents higher and receipts were three thousand under yesterday's. Indianapolis wheat prices advanced five cents but corn and oats were steady to slightly higher.

Wire hemp is used when the ordinary rope will not serve the purpose. And finally, after 2 or 3 months this freshwater boy knows almost as much about a ship's ropes as does the man who has spent year on the salt water.

## THIEVES WARNED IN WASHINGTON

Path of Crook in National Capital Is Becoming Increasingly Thorny—Signs Posted

### MUST DISTRUST STRANGERS

(By United Press.)

Washington, July 26.—The path of the crook who comes to Washington seeking to reap a harvest from the war crowds is becoming increasingly thorny.

Neat little metal signs today greet the visitor's eye on every hand. They tell him how to foil the prowlers. A walk down Pennsylvania street is as good as a correspondence school in sleuthing.

"Distrust strangers. The most courteous stranger may be a clever crook," proclaims one of the signs. "Don't display your money in the open," shouts another in staring white lettering. Others say: "Don't close your house for the summer without asking a neighbor to keep an eye on it." The police must be gentle but firm. Cooperate with them. "The policeman is your best friend," and "Watch everything that goes on around you. Observation is the best safeguard."

## MIGRATION INCREASING

(By United Press.)

Terre Haute, Ind., July 25.—Michigan and Indiana is increasing. Almost daily, large numbers of negroes, mostly from Texas, pass through Terre Haute over the Vandalia railroad, enroute to Indiana and Ohio cities.

One day recently, seven carloads of colored men and women passed through the station here. One negro said that more than 200 of his race had left one Texas town for the north in the last few weeks.

Better working conditions in northern cities, than in the south is held responsible for the extended migration.

### LOCAL MARKETS REED & SON.

The following prices are for Rushville, Farmers and Homer markets:

July 26, 1917.

Wheat	\$2.20
Corn	2.10
Rye	\$1.75
Oats (New)	.50

Oneal Bros. are paying 60 to 65 cents a pound for the best grades of wool.

Don't let father die of infection or lockjaw from whittling at his corns, but clip this out and make him try it.

### BOY SCOUTS THANK PEOPLE

The Boy Scouts of the St. Paul's M. E. and Main Street Christian troops heartily thank all of the people who assisted them on their camping outing at Laurel. They were taken to and from the camp in machines, the use of which was donated, and much of the equipment was loaned.

### COUNTY'S OFFICIAL LIST HAS NOT ARRIVED HERE YET

Continued from Page 1.

after the notices are sent out.

Every man who is called has to submit to a physical examination first. This it to lessen the work because if a man who wants a discharge for some reason or other is found to be physically unfit, it will not be necessary to file a claim for exemption before he is examined, but the board will not consider it until after the physical examination to see if he is eligible on that score.

### FIRST 132 TO BE CALLED TAKEN OFF GOVERNMENT LIST

### YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You simply say to the drug store man, "Give me a quarter of an ounce of freezezone." This will cost very little but is sufficient to remove every hard but soft corn from one's feet.

A few drops of this new ether compound applied directly upon a tender, aching corn should relieve the soreness instantly, and soon the entire corn, root and all, dries up and can be lifted out with the fingers.

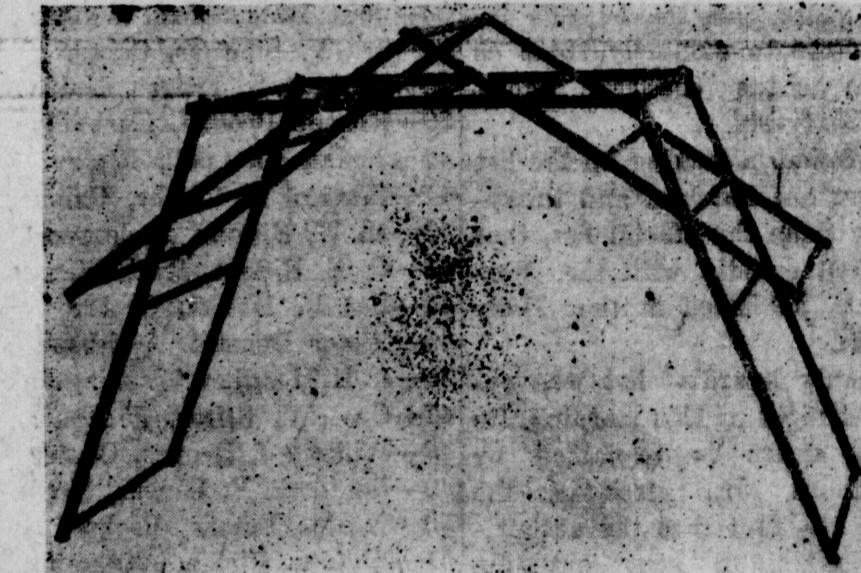

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that, while freezezone is sticky, it dries in a moment, and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die of infection or lockjaw from whittling at his corns, but clip this out and make him try it.

## The Ideal No 1 Folding Clothes Rack

Eliminate the worry of a wet wash day by hanging your washing indoors upon the Ideal Rack. It is convenient and practical and when folded in this position will take on an entire family washing or ironing.

When in this position the rack can be used to air bed clothing on. It also makes an ideal tent for the kiddies; place it on the lawn, throw an old blanket or tarpaulin over it, and there you are, a tent set up in a minute and can be taken down just as quick.

## The Wiltse Company

5 and 10 Cent Store

The Fastest Growing Store in Rushville

## Attention Farmers

Grading wheat under U. S. Standards, a law which all grain dealers will have to abide by.

The official grain standards of the United States for wheat were fixed, established, promulgated and published on March 31 by the Secretary of Agriculture, under the authority given in the Grain Standard Act. This act of Congress establishes wheat grades for the entire United States, from the farm to the export terminal. Effective on Indiana wheat July 1, 1917.

Number Two Red Winter wheat shall be cool and sweet, contain not more than thirteen per cent of moisture, shall test not less than fifty-nine pounds per bushel, contain not more than four per cent of damaged kernels, and not more than one per cent of foreign matter.

Number Three Red Winter wheat shall be cool and sweet, contain not more than fourteen per cent moisture, shall have a test weight of at least fifty-seven pounds, shall contain not more than seven per cent of damaged kernels, and not more than two per cent of foreign matter.

Number Four Red Winter wheat shall be cool and sweet, contain not more than fourteen per cent moisture, shall have a test weight of at least fifty-five pounds. Shall contain not more than ten per cent damaged kernels, not more than one per cent heat damage, and not more than four per cent foreign matter.

Number Five Red Winter wheat may be musty or sour, contain not more than fifteen per cent moisture, test not less than 53 pounds per bushel. May contain not more than fifteen per cent damaged kernels, not more than three per cent heat damage and not more than six per cent foreign material.

Dockage includes sand, dirt, seed stems, seed stems, chaff, straw, grain other than wheat, and any other foreign material which can be removed readily from the wheat by the use of appropriate sieves cleaning devices, or other practical means suited to separate the foreign material present; also undeveloped, shriveled and small pieces of wheat kernels necessarily removed in properly separating the foreign material. The quantity of dockage shall be calculated in terms of percentage based on the total weight of the grain including the dockage. The percentage of dockage so calculated shall be stated in terms of whole per centum and half per centum. A fraction of a per centum when equal to, or greater than a half, shall be treated as a half, and when less than a half shall be disregarded. The percentage of dockage so determined and stated shall be added to the grade designation.

For a full copy of the Official Standards write to the Secretary of Agriculture, Washington, D. C., or to your Congressman.

It will be seen that the requirements of grading are a trifle more strict. Dirty wheat, or wheat that is even slightly damp, cannot grade either number two or three in any market. It rests primarily with the farmer to see that the grain is threshed dry, and is properly cleaned. Dockage rules for dirty wheat are very explicit.

The only time to get rye out of wheat thoroughly is while the grain is standing. More than one per cent of rye prevents any wheat grading number two. One-tenth of one per cent makes it unfit for seed. Cockle is still worse and must be removed, if at all, before harvest.

## TO DISCONTINUE TWO PASSENGERS

—Frank McCorkle of Milroy visited here on business today.

—Charles A. Frazee visited in Indianapolis on business today.

—Clyde Kitchen of Milroy attended to business in this city today.

—F. W. Porterfield of Richmond transacted business here today.

—Mrs. Emma Havens and Mrs. O. M. Dale visited in Indianapolis today.

—Whitelaw Spurrier of Princeton, Ill., is the guest of his father, John H. Spurrier.

—Miss Gertrude Laughlin left for a two weeks visit at Cedar Lake, Ind., today.

—Mrs. W. P. Elder and children were among the passengers to Indianapolis this morning.

—Miss Reba Beale has returned from Greenfield, where she spent the past week with friends.

—Mrs. Elbert Lathroy of Washington, D. C., is visiting Miss Mary Amos over the week-end.

—Miss Cornelia Schriber and Mrs. Clifford King were among the visitors in Indianapolis today.

—Ed Wallace of Bicknell visited Mr. and Mrs. Charles Caron today enroute home from Union City.

—Miss Marian Scholl left this morning for a week's visit with friends in Rossville and Danville, Ill.

—G. E. Nipp of Omaha, Neb., is visiting Mr. and Mrs. Carl Nipp and other relatives in this city and county.

—Mr. and Mrs. Walter Hubbard and sons Fred and Ward left this morning for a motor trip through Wisconsin.

—Mr. and Mrs. P. E. Maley returned to Chicago today after visit with her father, Ell Jones and other relatives.

—Mrs. Owen Westerfield of Richmond came this morning to spend the week-end with her sister, Mrs. Sylverton Beabout.

—Miss Marjory Cox has returned from a visit at Ryland, Kentucky. She was accompanied home by Miss Christine Plummer of Newport, Ky.

—The Misses Daisy Church and Elizabeth Reardon, William Oldfield and George Storch, all of Connersville, motored here last evening.

—John Madden, T. E. McAllister, James Kratzer, Alva Newhouse and Al Linville motored to North Vernon today and attended the county fair.

—Mrs. Joseph Burk of Indianapolis is visiting her brother, Denny Ryan and family. Mr. Ryan, who has been ill for two weeks, remains about the same.

—Mrs. Bert Heaton and children went to Indianapolis this morning, where they will visit the Rev. and Mrs. Roscoe C. Smith over the week-end.

—John Lewis has returned from a three weeks' visit in Washington, D. C. His mother, Mrs. Laura Lewis, who has been visiting in New York, joined him at Washington and accompanied him home.

—Mrs. Leo Mull and children Mildred and George, of Cedar Rapids, Iowa, who have been visiting Mr. and Mrs. G. C. Wyatt for several weeks, left this morning for a three week's visit with relatives in Indianapolis and Huntington.

## RUNS NEEDLE IN HER HAND

Miss Mildred Oneal Suffers Painful Injury While on Visit

Miss Mildred Oneal, daughter of Mr. and Mrs. W. S. Oneal of this city, suffered a painful accident Tuesday afternoon when she ran a crochet needle through her right hand at the home of Miss Thelma Fox in Connersville where she is visiting. Miss Fox and Miss Oneal had been crocheting in the yard. Miss Oneal pushed the needle into the ground and started to get up. Her hand came in contact with the point of the needle and it sank deeply into the flesh, going nearly through her hand. Efforts to remove the needle was futile and a physician was called, who removed it, but not without great pain to Miss Oneal. It is not believed she will suffer any ill effects from the accident.

## TIME OF 2 OTHERS CHANGED

C. I. & W. Will Take Off Two Trains Passing Through Rushville on On Next Sunday

## TO DISCONTINUE TWO PASSENGERS

Following the policy of other railroads in the conservation of fuel, man and motive power, the C. I. & W. railroad will discontinue two passenger trains on the local division starting Sunday. The two trains to be discontinued are No. 1, eastbound, due here at 9 a. m. and No. 2, westbound due here at 6:05 p. m.

Westbound train No. 32 now due here at 9:20 p. m. starting Sunday will leave Cincinnati at four o'clock instead of 7 o'clock, arriving in Rushville at 6:50 p. m. Whether this train will carry mail is yet to be learned by postal officials. They are of the opinion, however, that the mail from No. 2 which will be discontinued, will be sent on No. 32, under the new schedule. Under the new schedule No. 32 is due to arrive in Indianapolis at 8 a. m., requiring four hours between Cincinnati and Indianapolis.

The only other change is on No. 31, eastbound, now arriving here at 11:37. It will arrive at 11:33 a. m. under the new schedule.

## CARNIVAL OPENS WITH LARGE CROWDS

Only Hitch Is Failure of The Red Cross to Give Home Talent Production

## MAY BE PERFORMANCE TONIGHT

The annual Catholic carnival opened last night with a large crowd in attendance. The stands and various concessions did a large business. The only hitch in the opening night program was the failure of the show which was to have been given in the church hall.

The show was to have been given under the auspices of the Red Cross and at the last minute the Red Cross found it did not have the necessary program. For this reason the show was not opened. Tonight's show is to be under the direction of Company B but it was not known today whether a performance would be given or not. The Odd Fellows band is furnishing the music for the event which will continue over Friday night.

—Mrs. Bert Heaton and children went to Indianapolis this morning, where they will visit the Rev. and Mrs. Roscoe C. Smith over the week-end.

—John Lewis has returned from a three weeks' visit in Washington, D. C. His mother, Mrs. Laura Lewis, who has been visiting in New York, joined him at Washington and accompanied him home.

—Mrs. Leo Mull and children Mildred and George, of Cedar Rapids, Iowa, who have been visiting Mr. and Mrs. G. C. Wyatt for several weeks, left this morning for a three week's visit with relatives in Indianapolis and Huntington.

—Princess of the Dark, is the title of the feature drama at the Princess tonight. Enid Bennett is featured. It tells a story of a blind girl whose wonderful imagination makes her forlorn surroundings a fairyland of beauty. In addition the comedy, "When Hearts Collide," will be shown. Tomorrow Bryant Washburn will be seen in the feature "Skinner's Bubble."

The Lyric offers the feature, "Dropped From the Clouds," for the first picture tonight. It is said to be a spectacular production. The second is a comedy, "Ring Rivals." The last is also a comedy, "The Boss of the Family." Tomorrow the feature, "Do Children Count," will be shown.

J. A. Davis of Indianapolis made a business trip here today.

## NEW LYRIC

### This Reaches Home

Many of the problems arising out of the conduct of the war create no interest among the people of the country. The controversy over the relative merits of steel and wooden ships is given only a passing thought by most newspaper readers. Likewise, most people who wanted to forbid the use of grain in the manufacture of any kind of liquor are willing to yield to the desire of President Wilson that beer production be continued. But when it comes to a matter of inequality of census estimates which levy a larger toll of men from the North than from the South, and when Northern soldiers are all shipped into the enervating climate of the South for summer training, all people who have friends or relatives directly affected are bound to take a personal and active interest. And, as a consequence, all these people are likely to realize the importance of the creation of the proposed joint, bi-partisan congressional committee on the conduct of the war.

### Marketing Nation's Surplus

Already the indications are that this country will produce this season the greatest crop of grains, vegetables and fruits, to say nothing of hay and other roughage, that it has ever seen grown. This is very encouraging, and it should tend to cheer us for the great struggle that has been the incentive to this stimulation of production.

But in connection with this there is yet another problem to be solved—that of marketing this crop. In ordinary times this is no little matter. Under present conditions it assumes serious proportions. But it is something that will have to be worked out, and the sooner the intelligence of the country is put to work on the matter the better the country will fare.

The average farmer has no trouble in marketing his staple crops, such as wheat, corn, potatoes and live stock—at least in normal years. This year, though, he is liable not to fare so well even on these. But the small fruits and vegetables have always been rather hard to dispose of profitably, and will be more so this year.

This matter of intelligent marketing should not be left to chance. Intelligent efforts should be directed toward it, and preparations should start at once.

And right here is where a close community co-operation will prove of invaluable service. The average American farmer raises vegetables and fruits in abundance, and markets them by selecting what his family needs and permitting the overplus to go practically to waste—at least return to the soil. Surplus summer fruits and vegetables are hard to market, but it is right here in this surplus—that is, in getting it to the cities, or to the points of country where it is not produced—that the greatest economy can be practiced.

It is a careful marketing of the surplus perishable products of the farms that community organizations, boards of trade and business men all over the country should direct their attention.

It is the irony of fate, as well as laughable. Even the hardened

## AIR PRODUCTION BILL IS NOW A LAW

President Signs Measure Releasing Appropriation of \$640,000,000 to Build Airplanes

### NEW WAR BUDGET PRESENTED

News of Tremendous Sum to Be Asked By Administration Comes First From McAdoo

(By United Press)

Washington, July 26.—The great air production bill is now a law. The president signed the measure, releasing an appropriation of \$640,000,000 for immediate use in building airplanes and preparing American aviators for service in France.

A new \$5,000,000 war budget—\$2,000,000,000 more than the one starting America's war with Germany, was laid before congress yesterday.

News of the tremendous sum to be asked by the administration came first to senate leaders over the telephone from Secretary of the Treasury McAdoo. McAdoo himself was to see Chairman Simmons of the senate finance committee this afternoon to submit estimates. The full committee is expected to be present.

The \$1,670,670,000 revenue bill that was to have been introduced by Simmons has been held up indefinitely.

It has been understood the war department would submit estimates for more than \$3,000,000,000—principally for field artillery and for expenses in connection with the next draft.

A half billion additional for the government shipping program will probably be asked.

thieves and murderers in our jails refuse to have anything to do with the slackers when they are thrust into to serve their sentences. Verily, if the way of the transgressor is hard, it would seem that that of the slacker is terrible.

### A Long War

Those who imagine the war will end soon by reason of Germany's shortage of men are due to receive a jolt in an estimate of German casualties recently made public in London. According to this report, Germany has lost in killed since the beginning of the war, in round numbers 1,500,000 men. Add to these 500,000 taken prisoners and an equal number disabled by wounds, and we have a total German casualty list of 2,000,000.

According to the most reliable estimates obtainable, Germany has on the various front a total of from 10,000,000 to 12,000,000 men. To these may be added through the natural growth of the population at least 750,000 soldiers yearly. By which it may be seen that at no time since the beginning of hostilities has Germany been stronger in man power than at present.

One of the most fatal errors that one can make is to under-estimate the strength of a foe. That is an error this government is not making, and it explains the deep and thorough preparation that is being made for the conflict before us.

Mrs. Dwight Stabler, step-daughter of Clarence Hiner of Los Angeles, Cal., who has been visiting relatives here, died at Greensburg yesterday, according to word received here.

Every time we see a woman with a lot of paint daubed over her face we wonder how much it would take to cover the barn.

The best advice we can give you William, is never to buy a thing you can't pay for. Let them give it to you.

The kaiser announces that he will fight to the last gasp. Certainly, Billium; we don't expect any other outcome.

### TO GET JOBS BACK

Anderson, Ind., July 26.—Every employee of the Pennsylvania railroad, called to Uncle Sam's services under the draft law, will be given back his job when discharged from federal service, according to announcements here. The company will also carry insurance for all employees called to the colors.

## Attention Mr. Farmer

Vaccinate your hogs with the Swine Breeders Pure Serum made at Thorntown, Indiana, and be assured of good success in your vaccination.

We administer serum for \$1.75 a hundred or 1 1/4 cents a cc. for non-stockholders. That is, put in the hog, and \$1.35 per c. c. for stockholders. This is strictly a high class serum and gives the farmer good insurance against the ravages of HOG CHOLERA. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Co., over the Rushville National Bank.

**SWINE BREEDERS PURE SERUM CO.**

## Cox's Shoe Store

All Men's and Women's Pumps and Oxfords, regular prices \$4, \$5, \$6 and \$7, go at \$2.95, \$3.95, \$4.95 and \$5.45.

This is a clean sweep of all the Low Shoes in our store, including not only lines in which the sizes are broken, but complete lines in all the newest lasts and Leathers. The most wanted models—the finest shoes in the store.

These prices—\$2.95 to \$5.45—are less than the same shoes would cost to make today.

We are overstocked on these goods because the weather upset normal purchasing. Folks do not buy low shoes till they need them. There were only 10 clear days in April and May—and scarcely more in June. This put us behind on our regular sales and we are going to sacrifice these goods without reservation—as it is the policy of this store never to carry goods from one season to another.

This is your opportunity as most of the summer is still before you. We want to remind you again: This is Not an Ordinary Shoe Sale. Ordinary reductions mean little. These are standard values—shoes of known merit, of fixed prices—and this sale represents a striking and genuine economy. We stand back of every pair. They are the Best.

The same rate of Reduction goes for the LITTLE FOLKS. A few pair left of the old stock which is being offered at a ridiculously low price.

Winship and Denning

## FILLS PLACE AT THE CHAUTAUQUA

Miss Florence Simms, Formerly of This City, Lectures on Effect of the War on Women

### HOW THEY HAVE MEASURED

Is Familiar With Conditions on Account of Her Work as Y. W. C. A. Industrial Secretary

Miss Florence Simms, daughter of Mr. and Mrs. M. Simms of Mattoon, Ill., formerly of this city, who will be remembered by many people here, filled an engagement at the Mattoon chautauqua recently when the speaker failed to appear. Miss Simms is industrial secretary of the Young Women's Christian association and is dealing with the complex problems confronting the women of America through the tragic advent of the war. She spoke of "The Effects of the War upon the Industrial and Economic Life of Women," bringing intimately before the audience some of the dangerous phases and contingencies growing out of present day conditions.

In her talk, according to the Mattoon Commercial, she gave a sharply etched word picture of the busy munition factories in England and France where women are taking the place of men, and are working long hours and on night shifts in toil that is little better than slavery because all barriers to overwork have been torn down and they are allowed by law and compelled by conditions to labor at a killing pace in work that is beyond their strength.

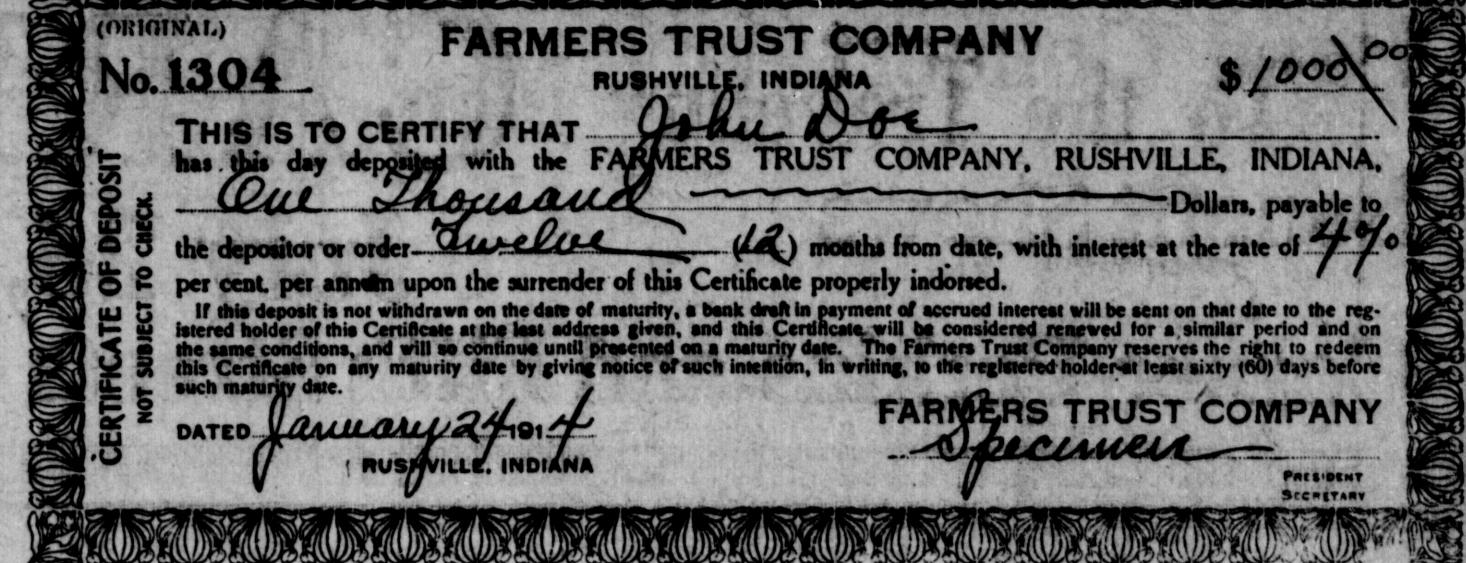

She pictured, also, the similar conditions in the factories of our own country, stating that New Hampshire and Vermont have set aside their labor laws and that New York asks for a legalization of service of children over twelve years of age during six months of the year, all on the plea of patriotism when the true motive is simply greed on the part of the big money makers. In closing her remarks on this phase of the situation she made a plea that the people should come to interpret democracy in terms of the things that are near at hand instead of the things across the sea and that its first meaning still should be to us, "An equal opportunity for every man and woman in the country." In touching on the social situation contingent upon war conditions she spoke of the moral issue as a grave issue in which democracy must demand the moral safety of our army. Then she spoke of the work being accomplished by the Y. W. C. A. in this line and when we learned from her lips that they are raising a fund of \$1,000,000 for the protection of girls and boys under the conditions which are almost inevitable in army camps, we realized that some of the true hearted women of this American republic are making the characteristic fight of womanhood to save the personal honor of the nation's youth.

Miss Simms' talk made a strong appeal and when she turned to retire from the platform it was amidst a roar of applause. Her retirement was halted, however, by Mr. Ewert, who asked her to wait a moment and he took occasion to tell the audience that the management had offered her the check which was to have been given Mr. Loose and that she had refused, saying that she gladly gave her services for her own city and requested that the check be sent to New York to swell the war relief fund. This evidence of her unselfish patriotism caused another demonstration on the part of the audience and the final surprise of the hour followed when S. R. Evans with strongly put expressions of thanks to Miss Simms for saving the day, presented her with a beautiful traveling bag as a mark of appreciation from the official board of the chautauqua.

### COLLEGE CHUM IS HOOVER'S HELPER

Lyman Wilbur, Assistant to Food Administrator, Have Long Known Each Other

### ATTENDED LELAND STANFORD

Ever Since 1880 The Partnership Has Continued Though They Were Often Separated

Washington, July 26.—The Hoover-Wilbur combination is at work again, this time in the interests of the nation's welfare.

Way back in the '80s Ray Lyman Wilbur was a dignified senior in Leland Stanford University, at the same time that Herbert C. Hoover, then a big gawky, mining student was a junior. Both students were earning their own way through school, and incidentally just about running the school at the same time, according to reports. Hoover got himself elected financial manager of all athletics, with a small salary for his work, and thus added to his small income.

This was one time when contrasts did not draw to each other. Neither man was brilliant and flashy—both had to dig for what they got, and neither had time to go in for the fraternity crowds. Unconsciously they formed a silent partnership based upon absolute trust and confidence in each other.

Clear down through all the years since the two students were graduated this partnership has continued—sometimes separated by half the distance around the earth. Letters were regular and often.

When Dr. Wilbur was elected president of his old university, Leland Stanford, he called his partner, then away over in England, and had him elected to the board of directors. And so they ran the university.

Now Herbert C. Hoover, food administrator of the United States has reversed the case and called his old partner to his assistance. Dr. Wilbur is to head the food conservation department, while Hoover heads the food control department.

Thus continues the friendship, never a question when the other calls, each ready to give up everything to go to the other, with not a thought of material gain, for more than thirty years without a strain or friction.

### HAS LARGE MEMBERSHIP

Fort Wayne, Ind., July 26.—Membership in the Fort Wayne branch of the Red Cross is nearing the 9,000 mark and officials hope to raise this total to 10,000 in the course of the next few weeks.

## SOCIETY

Edited by Miss Katherine Hitt.

Dr. and Mrs. W. T. Lampton were the host and hostess to a number of relatives today, when they entertained with a delicious course dinner at their home in Milroy. Covers were laid for Mr. and Mrs. W. D. Martin, Mrs. Arka Tompkins and Mrs. Frank Hayes of Indianapolis.

\* \* \*

The usual engrossing game of five hundred were enjoyed by twelve members of the Tuesday evening club, when they were entertained, Simpson, Claude Simpson of Ros-

well, N. Mex. and Mr. and Mrs. A. P. Wagoner. A large bowl of field daisies added their beauty to the attractively laid table.

\* \* \*

Complimentary to their sister, Miss Helen Thompson of Greenburg, the Misses Elizabeth and Florence Gronier entertained a number of girls with a theater party last evening. After leaving the show the girls were taken to the Greeks and then entertained with a motor party. The guests were; the Misses Phyllis Dean and her house guest, Evelyn Russell of Franklin, Harriet Smith, Marie Clark, Dorothy Frazee, Marian Titsworth, and Elsie Frazee.

\* \* \*

Mrs. Charles Pettis enjoyed a delightful surprise, yesterday afternoon, when fourteen of her friends planned a miscellaneous shower and went to her home, 217 South Pearl street, and took her many beautiful presents. A social afternoon was spent and a dainty luncheon was served on the tables which were spread in the yard. Bud vases of red and white gladioluses marked the places for the guests.

\* \* \*

Miss Olive Buell's piano pupils will give a recital tomorrow after-

noon at 3:00 o'clock at the First Presbyterian church and the public is cordially invited.

\* \* \*

Miss Alice Norris entertained with a slumber party, last evening, complimentary to her niece, Miss Lillian Bell of Huntington, West Va. An elegant course breakfast was served. The guests were the Misses Dorothy Mulno, Katherine Guffin, Dorothy Sparks and Esther Anderson.

### GERMANY WILL NOT STARVE

(By United Press.)

New York, July 26.—Germany won't be starved next winter. Germany is beginning to believe the U-boat will not starve England.

These are the impressions acquired in Germany by a distinguished newspaper man of neutral nationality who cabled the United Press today.

### MRS. MOONEY IS SET FREE

San Francisco, Cal., July 26.—Mrs. Rema Mooney, one of the five defendants in the murder case growing out of the bomb explosion here last summer and which have excited world-wide interest, was acquitted late yesterday. After a trial that had lasted nine and one-half weeks, the jury deliberated fifty-one hours before reaching its verdict of "not guilty." Seven other indictments are pending against Mrs. Mooney, but it is uncertain, according to the district attorney.

### GERMANS CAPTURE FIRST LINE TRENCHES

Suffering Terrible Losses, Teutons Succeed in Desperate Attack East of Huilebese

### ASSAULT OVER 3-MILE FRONT

(By United Press.)

Paris, July 26.—Suffering terrible losses, German troops nevertheless succeeded in a desperate attack last night in occupying first line trenches east of Huilebese, due south of La Bovelle. The official statement declared the attack was in great force.

The German assault was over approximately a three mile front in the same sector which has been battered unceasingly and unavailably by the crown prince for the last week. The French here hold the dominating position on the Chamen Des Dames.

French forces pressed forward over unoccupied German trenches near Augerville in the Champagne and met the enemy beyond, inflicting heavy losses, the statement said.

### AIR RAID FAILS TO STOP COURT

Judges, Witnesses and Counsel Go Right on With Business Despite Danger

### DIDN'T LOOK OUT WINDOWS

By J. W. PEGLAR  
(U. P. Staff Correspondent.)

London, July 7 (By Mail).—While bombs rained in the streets nearby and a 100 guns roared at the sky during the last big aeroplane raid, judges, counsel and witnesses in London courts went right along with the dull job of boiling down evidence into justice.

Rose Witten, a pretty girl of seventeen, stayed in the witness box in one court and gave evidence in a little louder tone to be heard above the bombs.

"You need not continue the case if you are frightened," said the judge to Miss Witten.

"I'm not frightened," she replied. "Let's go on with the story."

Before continuing the case the justice appealed to all in the court-room to "die like Englishmen" if they must die.

In Justice Darling's court the roar was deafening but the court didn't adjourn for a moment. While the raid was at its worst he turned to the counsel and said: "The raid seems to be over. Let us go on with the case till they come back."

In the Chancery court, Justice Astbury interrupted to say: "I am told there is a raid going on. If you look out at the windows you may see the aeroplanes." "Not interested," said a witness.

### RUSSIAN EMBASSY IS NOW BUSY PLACE

Washington, July 26.—The Russian embassy, on Sixteenth street near Scott circle, has been converted into a big office building by Boris Bakhtneteff, the new Russian ambassador.

The former stronghold of Romanoff diplomacy and magnificence has been turned into a great business office for the transaction of the American share of the new republic's business.

The library, where once the clink of tea cups could be heard, will become a workshop for the new envoy and the clatter of the typewriters will supersede the cups.

### PLANS NOT COMPLETE FOR CANNING PARTY

Use of Domestic Science Department Allowed, But Arrangements Could Not be Made.

### ONE MAY BE HELD NEXT WEEK

The first of the series of canning parties under the auspices of the Rushville women's food conservation committee could not be arranged for tomorrow afternoon, but it is likely that plans will be completed in time for one of the parties next week. The committee yesterday was given permission by the city school board to use the domestic science department at the Graham high school building for canning work.

Just how the material will be gathered and how volunteers to do the work will be recruited has not been worked out yet, but it will be.

The committee is not certain yet whether it will be able to sell the food and fruit canned to the army. A member of the committee was told a few weeks ago by Adjutant General H. B. Smith of the Indiana National Guard that he would buy all that could be canned. This is not certain now, however, because the Guard officers are not sure whether they can use the canned goods after they reach their permanent camp at Hattiesburg, Miss.

### 2,000 TEUTONS CAPTURED

Many Prisoners Lost to Russian and Roumanian Troops

(By United Press.)  
Petrograd, July 26.—Two thousand Teuton prisoners have been taken by Roumanian and Russian troops in their offensive in the Carpathians and Roumania, today's official statement asserted.

The Roumanians took 1,000 of the enemy with 33 guns and 17 machine guns. The Russians captured the same number of troops and took 24 machine guns.

Robert McIntyre, son of Mr. and Mrs. Robert McIntyre, who underwent an operation Tuesday for the removal of his tonsils and adenoids, is recovering nicely.

## NOW READY FOR YOUR VIEW; TEN NEW CHALMERS FOR THE AUTUMN TRADE; EACH A LURE TO THE MAN WHO LIKES A THING WELL MADE; AND A SOLACE WHEN YOU FIND HOW SMALL THE COST

Chalmers has set the motor calendar ahead two months. It calls attention to those who make it a point to keep up with things to its new Autumn and Winter styles of cars.

Possibly you did not buy a car in the Spring because of the war, but now that business is better and money easier, here's your chance to get a peek sixty days ahead of the Fall and Winter motor car types.

At least at the Autumn and Winter Chalmers; and after you have seen one of them you can almost guess the rest; and you will be tempted to believe that the prices will run much higher than the price tags actually show.

Here they are:

1. A five passenger Chalmers that looks and acts quality.
2. A corking Roadster that any alert woman will love to drive.
3. A Speedster guaranteed to do 80 miles an hour.
4. A Town Car that will make any woman supremely happy.
5. A seven passenger car that in comfort leaves little to the imagination.
6. A Cabriolet that is wind proof, sun proof and storm proof—and alluring.
7. A Limousine that is thoroughly correct in appointments.
8. A Limousine Landaulet which speaks a volume in practicability.
9. A Sedan that is "nimble on its rolling rubber feet".
10. A Town Car Landaulet that, in our judgment, tops anything like it ever built.

All these gorgeous Chalmers are built on one chassis—a quality chassis; the bodies fully justify the chassis.

One look makes you reach for your cheque book.

### THIS IS NOT WORK OF GERMAN SPIES

Painting of Figures on Barns Along National Road is For Direction of Student Aviators

### RUSH CO. FARMERS LIBERAL

Many of Them Donate Use of Their Fields For Landing Places For Youthful Fliers

Travelers on the National Road need not be alarmed and think they have discovered the work of some German spies when they see a large figure painted in white on the roof of a house and an arrow giving the direction. This is being done merely to show student aviators in their trial flights from Camp Wilbur Wright near Dayton, O., to the Speedway near Indianapolis and return where to make a landing.

The work of locating the route was started yesterday from the Speedway, proceeding east. The numbering is being done under the direction of Sergeant C. W. Pyle of the Fourth Indiana regiment supply company and John Bookwalter.

With few exceptions farmers along the route have generously allowed the use of their fields free for landing places. The National Road is very close to the Rush-Henry line and in some cases the landing places are on farms extending into Rush county or owned by Rush county men. R. E. Henley of Carthage is one of the men whose farm will have a landing place on it. The farmers along the Rush-Henry county line who have donated the use of their fields are as follows:

In Henry County—Foye Crouse, A. E. Carroll, A. E. White, Miss Pray, G. O. Phillips, Fred E. Huddleston, A. L. Hopper, J. A. Bartlett, R. C. Morgan, P. S. Nugen, G. B. Morris, C. C. Brown, R. E. Henley, A. L. Moffitt, W. E. Hill and A. O. Morris.

The army truck bears the words "Emergency Landing Fields, United States Aviation Corps." There will be eighty-three landing fields between Richmond, Ind., and the speedway, and thirty-six between the national road and the speedway.

The farmers along the route have generally shown their patriotism by giving permission for the use of their fields. Only three farmers refused requests for the use of their property for aeroplane landing places. One was a Quaker, living near Richmond, who said he did not believe in war. Another was a German farmer, who said he was not in favor of preparedness, and another was a farmer living near Ft. Benjamin Harrison, who said he would not allow his ground to be used because there was "no money in it" for him. Sergeant Pyle said the fields belonging to these men would have to be used without their permission as the locations were necessary for carrying out the route plan.

### NOTICE OF BOND SALE

Notice is hereby given by the undersigned treasurer of Rush County, State of Indiana, that up until 8 o'clock p. m. on MONDAY, AUGUST 6th, 1917, at the office of said treasurer in the court house at the city of Rushville, Indiana, he will receive sealed bids for the purchase of thirty-eight \$25.00 one hundred and fifty-one dollar (\$38,151.00) road bonds; said bonds to be eighty (80) in number, dated August 1st, 1917, each bond for the principal sum of \$476.88 each, bearing interest at the rate of four and one-half (4 1/2) per cent per annum, payable semi-annually on the 15th day of May and November each year. The first four bonds will be due and payable on May 15th, 1918, and four bonds will be due and payable on November 15th, 1918, and so on for all of said bonds have been paid. Said bonds have been issued for the purpose of providing funds for the construction and improvement of a certain highway, petitioned for by Henry E. Griffin et al. of Union township, Rush County, Indiana, and will be sold to the highest bidder for not less than par and accrued interest. The right is reserved to reject any and all bids.

JOHN O. WILLIAMS  
Treasurer Rush County, Ind.

### MOVEMENT ON TO RAISE MORE SHEEP

Shortage of Wool This Year Leads to Plans for Reviving Once Paying Business

### TO RESTOCK LAKE STATES

Movement Will Culminate in "Sheep Rally" to Be Held in Chicago in August

Chicago, Ill., July 26.—Rehabilitation of sheep husbandry in the state of Michigan, Wisconsin, and Minnesota to combat the wool famine in the United States brought about by the war, which shut off, imports normally of a total of 300 million pounds, are the plans rapidly being formulated here. Under the banner of the National Sheep and Wool Bureau, merchants, manufacturers and dealers have joined the western sheepmen, and the packers for the movement in "wool preparedness" for the nation.

The American Sheep Breeder in its current issue, cites figures showing a loss since 1900 of over 2,040,000 sheep in these 3 states, which means a decrease in the national wool clip of 15,000,000 pounds. At present, this wool would bring the nice round sum of \$10,000,000 in addition to the meat supply.

The issue of the Sheep Breeder also cites startling figures, showing that over 30,000,000 acres of the best clover land remains idle in the United States, while the nation faces the worst wool shortage it has ever experienced.

Plans are being worked out by the various bodies interested in the movement to restock with sheep the great lakes states. An investigation is extended to range wool growers to visit the great lakes sheep country and look over conditions.

The big "wool push" movement will culminate in the "sheep rally" which is to be held in Chicago late in August. The Wisconsin Advancement Association, the Michigan Agricultural Development Association and other state and local organizations will co-operate for the success of the convention. The Illinois Council of Defense is taking an active interest and the packers, stock yard and other interests will work to bring about important developments during the convention.

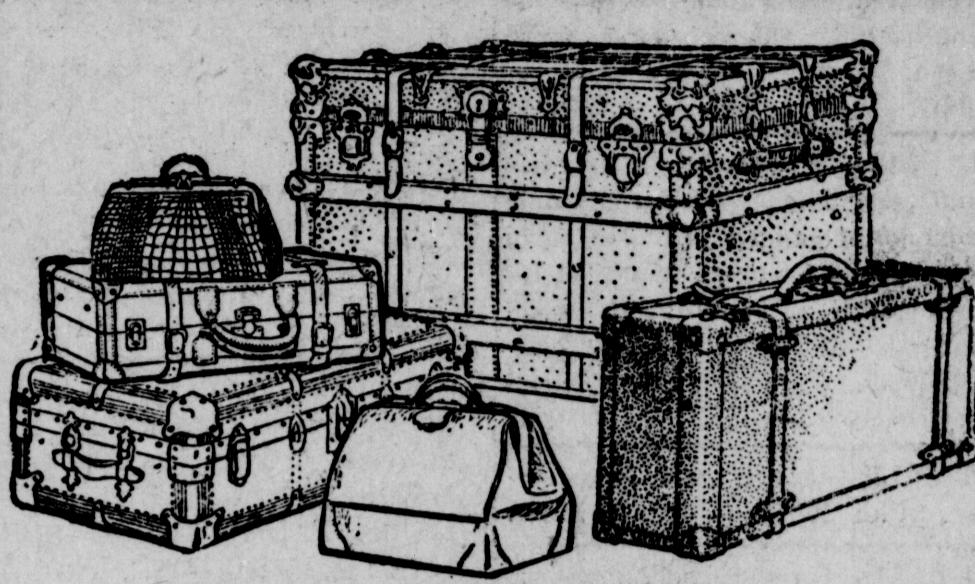

### LARGE FORCE IS AT WORK ON CAMP

Cantonment at Hattiesburg Being Rushed to Completion for Indiana Troops

### TO BE PLACED UNDER CANVAS

Hattiesburg, Miss., July 26.—A force of more than 1,000 mechanics, engineers, and laborers was at work today making Camp Shelby—where Indiana and Kentucky national guardsmen will train for war—a fit place for habitations for the 30,000 troops from those two states. The work must be completed by September 1, under the terms of the contract with the government, and the contracting company hopes to have the camp in shape at an even earlier date.

Except for frame hospital buildings and administration offices, the entire cantonment will be of canvas. Tents will not even have the customary wooden floors, army officers

declaring this to be unnecessary because of the condition of the soil here, which seldom becomes damp or muddy.

Workmen have already made surveys for streets for the camp, erected many tents and have nearly completed installation of the water system for the big cantonment. A battalion of regular army troops is expected here within a few days to do guard duty on the reservation until the arrival of the guardsmen.

Less than two weeks ago, the site of Camp Shelby was a wilderness—a tract of cut-over pine land. It is located on a ridge that rises 200 feet above the surrounding territory and is 300 feet above sea level.

To The Men Wishing To Join Some Branch of Service.

I am still able to accept men for Cavalry Troop E.

To the men of conscription age, I especially urge to be examined quickly as the time is short for them. To all men I tender a chance to join the service in one of its most spectacular branches. I am able to recruit anywhere in the state, so your chance to join is getting smaller every day. If interested call me at phone 1115, Rushville, or go to any recruiting officer for I. N. G. and tell him you wish to join Troop E.

MAJOR JOHN CARR,  
Commanding Officer

## COUNTY'S OFFICIAL DRAFT LIST FAILS TO ARRIVE HERE TODAY

However, Daily Republican Receives Government's List and is Able To Give First 132

BOARD EXPECTS IT TOMORROW

In That Event, First Men Will Probably Be Called Up For Examination Week From Monday

ONE-THIRD THE FIRST DAY

Remainder Will Be Called Two Succeeding Days—Everyone Believes 132 Is Not Enough

The official list of the draft numbers drawn at Washington last Friday failed to arrive at the office of the clerk of the county selection (exemption) board this morning so that the calling of the men necessary to complete Rush county's quota for the first draft had to be postponed another day.

However, the Daily Republican received an official list from Washington this morning—the list issued in printed form by the government—and is able to give today in the next column the official list of the first one hundred and thirty-two men who will be called up for examination for the county quota. The Daily Republican received its list through the United Press associations.

Everyone believes that more than the first one hundred and thirty-two will be required to make Rush county's quota, but the board's instructions are to call only twice as many men as the county's quota, which is sixty-six.

It was found in marking up the list of the first one hundred and thirty-two today from the official list, that it compared exactly with the corrected list published in the Daily Republican.

The county board's list was expected last night or this morning. Its failure to arrive is explained by George Moore, Jr., clerk of the board, by the fact that the authorities at Washington sent out the printed numbers in the order they were drawn by states and left it to the state conscription agent to distribute them among the selection districts. Clerk Moore expects to receive his list from Indianapolis this evening or in the morning.

In case the list reaches here by tomorrow morning, the selection board will begin at once picking out the numbers which apply to Rush county in the order that they were drawn. The board is allowed three days for this task. That completed by next Monday evening, they will likely send out the notices to the first men called on Tuesday. The law says the first one-third of the men shall be ordered to report five days after the notices are sent; the second one-third on the sixth day; the third and last one-third on the seventh day; or, if the physician member of the board chooses, they may be called up in two divisions. It is expected, however, that the board here will call the men up in three divisions.

If everything works out as it is now expected it will, the first one-third will be ordered to report on Monday, August 6 and the remainder on the two succeeding days. If the first one hundred and thirty-two men are not enough to make up the quota, more will have to be called, but the local board has never been able to find anything in the instructions to govern their actions in that eventuality. It is presumed by the board that the men above No. 132 who have to be called to fill out the quota are entitled to the same consideration as the first ones called, which would mean that they could not be called until five days

### YIELD 40 BUSHELS TO ACRE

H. M. Newhouse Center Township Establishes Record to Date

H. M. Newhouse of Center township has the banner wheat yield of the season and is only sorry that the field from which the wheat came was not larger. Mr. Newhouse had a field of eight and one-half acres that gave a yield of forty bushels to the acre. The land was farmed by Charles Atkins. A stand of big English clover was turned under and fertilizer used. A return of almost \$700 from a field of eight and one-half acres is almost, if not, a record for Rush county.

### INJURIES IN MOTOR CRASH PROVE FATAL

James Newsome, Formerly of Carthage, Dies at Newcastle Today—Accident Sunday

### HIS MOTORCYCLE HIT JITTERY

James Newsome, colored, 35 years old, a former resident of Carthage, died last night in a hospital in Newcastle following injuries received last Sunday when he crashed into a jitney bus while riding a motorcycle. Newsome struck the jitney at a street intersection. He sustained a fracture of the skull and Tuesday underwent an operation in the hope of relieving his condition but it proved futile.

Newsome was a resident of Greensboro. He is survived by his widow and two children. The funeral services will be conducted at the late residence in Greensboro Saturday afternoon at one o'clock and burial will take place in Carthage.

### FIELD HOSPITAL MEN WILL STAY IN HOMES

When Ordered to Mobilize August 5, They Will Not Have to Go Into Camp, Major Says

### FEDERAL INSPECTION FRIDAY

Members of the field hospital unit organized here were told at the drill in the court house last night by Major Carey that when the Indiana National Guard was called out Sunday, August 5, the corps would not go into camp, but that the men would be expected to report at the court house a certain number of hours each day for drill and eat and sleep at their homes as usual.

This procedure will be followed until the Fourth Indiana infantry, to which the unit here will be attached, is called to a permanent camp. The hospital unit recruits had visions of going into camp at the fair ground with Company B when the Indiana Guard is ordered to mobilize a week from next Sunday. Just when the state troops will be ordered to Hattiesburg, Miss., where they will be trained is not known here.

Lieut. Green received word this afternoon from Major Carey that the local unit would be inspected by a federal officer Friday night. All members of the unit are expected to be at the court house at seven-thirty o'clock for the inspection.

### COAL TRANSPORTATION UP

(By United Press) Washington, July 28.—The interstate commerce commission, in accordance with its findings in the 15 per cent case, today granted an increase of 10 per cent a ton on transportation charges on bituminous coal from the mines in Illinois, Kentucky, Tennessee and Alabama.

### TO VOTE ON PROHIBITION

Senate Wet and Dry Leaders Reach Agreement on Amendment

(By United Press)

Washington, July 26.—A senate vote on a national prohibition amendment will be taken at four o'clock next Wednesday, according to private agreement reached by wet and dry leaders today. The debate on the measure is to begin Tuesday. Part of the agreement is that the amendment must provide, unless ratified within six years by the thirty-six states required to put it in the constitution, it dies.

### CAN ACCEPT MEN IN CO. B. ONLY FEW DAYS

Five More Men Are Wanted After Two Are Enlisted Wednesday Night at Weekly Drill

### BOTH FROM DECATUR COUNTY

With the first letters calling the men to report for physical examinations under the draft law to go forward not later than next Tuesday the number of days for voluntary enlistment in the national guard company is gradually growing less. Company B is in need of five more men and it is hoped to secure these by the time the letters of notification are sent out. After the letters have gone forward volunteering automatically stops.

Two men from Decatur county were enlisted here last night at the regular weekly drill. A total of 116 men attended the drill at the city park, and it was one of the best the company has yet held. There was no speaking on the program last night.

### TO GIVE WAR OUTLOOK MUCH BRIGHTER GLOW

Government and Russian Embassy Join For This Purpose, Declaring Conditions Are Not Bad.

### RUSSIA HAS NOT COLLAPSED

(By United Press)

Washington, July 26.—The government and the Russian embassy today joined in efforts to give the war outlook a brighter glow.

Members of the president's cabinet including Secretary Baker and Secretary Redfield denied that conditions on the west front of Europe were such as to cause alarm or dismay to the United States.

Redfield said reports of army officers returned from France were most encouraging.

The Russian embassy denied the implication that Russia's war machine has collapsed but that most of the army was fighting gallantly and that soon the whole situation would clear.

Meantime the gloom in the situation shown in private by army and navy officials and reflected through the press of the country is serving to stimulate recruiting, reports to the war department showed today.

### FIRST CALL WILL BE OCT 1

Senator Lewis Says Men For New Army Will be Called Then

(By United Press)

Washington, July 26.—Senator Lewis said today that the first call for men in the new army would be made on Oct. 1, next. Lewis as democratic whip is credited with inside information.

In regard to the national guard now under arms, Lewis said they would be in France before January 1.

### SWEET KILLED AND NEARY IS INJURED

Men Working Around Threshing Machine Hit by Lightning Yesterday Afternoon Stunned

### HORSES ARE KNOCKED DOWN

Harry Sweet is Instantly Killed And Ross Neary Revives Before Men With Lung-Motor Arrive

Harry Sweet, 51 years old, was killed instantly and Ross Neary, of this city, a former policeman, was seriously injured by a bolt of lightning which struck the threshing machine yesterday afternoon at the Glidden farm, southwest of Raleigh. Neary will recover, but for a time it was believed he was fatally hurt. The lung-motor was taken to the scene of the accident, but Mr. Neary revived shortly before it arrived. Mr. Sweet was killed outright.

The bolt struck with terrific force and most of the men working around the machine were stunned and several teams of horses were knocked down. Mr. Sweet and Mr. Neary were on top of the separator. The bolt struck Mr. Sweet on the right side of the head, passed along the right side of his body and out the right foot. His right shoe was torn completely off. The force of the bolt knocked Mr. Sweet and Mr. Neary off the separator.

The men were aware of the storm's coming and everyone was bending all efforts to thrash the few wagons of wheat before the rain forced them to quit for the day, and for this reason the men did not seek shelter.

Lieu Oneal of the firm of Oneal Brothers had a narrow escape. He was on top of the separator talking to Mr. Sweet and Neary only a few seconds before the lightning struck. In fact, he had just gotten down on the ground when the bolt hit.

Mr. Sweet was widely known throughout the county. He operated several threshing outfits. Mr. Sweet was a son of Mr. and Mrs. Richard Sweet of Raleigh. Besides his parents he is survived by his widow and two children. He also leaves four brothers, Charles Sweet, Owen Sweet, George Sweet and Carl Sweet, of Bentonville, and one sister, Mrs. John Knecht. The remains were taken to the home of his parents in Raleigh.

The funeral services will be conducted Friday afternoon at one o'clock in the Raleigh Christian church by the Rev. G. F. Powers and burial will take place in the Orange cemetery. The Masons will officiate. Mr. Sweet belonged to the Masonic, Odd Fellows and Red Men lodges and the Haymakers, a branch of the Red Men.

## RECRUITS SHOWN HOW TO TIE KNOTS

Future Seamen of Uncle Sam Given Special Instruction at Great Lakes

### USE THREE KINDS OF ROPE

Before a Bluejacket Goes Aboard Ship He Must Master Art of Making Knots

Great Lakes, Ill., July 26.—Knotty problems in sailor knots form a regular part of the recruit's day at the United States Naval Training Station here, where 10,000 freshwater farm boys, collegians, factory apprentices, and clerks from the freshwater states are being made into deep water sailors. There are a number of spars, rigging lofts and platforms to represent the several decks of a battleship upon which the recruits line up and learn to tie sailor's knots of all variations.

Before a bluejacket goes aboard ship, he must be a master of knots and the work is given every bit as much attention at the Station as drill, physical training, or boat practice. To the west of the parade grounds, in the center of the naval reservation is the rigging loft in which the recruit must qualify before he can be rated a second-class seaman. The men are taught first to tie the simplest knots, known as the overhead knot and that is used ordinarily in tying bundles. Bit by bit, he progresses until he can tie ropes in all manner of intricate fashion. The names of some of these savor of the deep sea, for example there is the figure eight, the overhead, the square, the tomfool, the diamond, the French shroud, the lanyard, the monkey's fist, the sennit, the double and single Matthew Walker, the marlinspike hitch, the blackwell hitch, short splices, long splices, eye splices, wire rope splices, the stopper knot and many others.

And finally, when he is graduated from the rigging loft he can tie a bowline knot to make a ship fast as it docks as easily as he can prepare a bowline on the bight for the purpose of slinging casks or loading stores. All are experts on the square knot, for it is this knot that usually catches the eye of Captain W. A. Moffett, Commandant, on inspection days.

Three kinds of rope are used by bluejackets in tying the knots, manila, tarred hemp, and untarred hemp.

## JULY WHEAT GOES UP FIVE AND A HALF CENTS

Other Grain in Chicago Holds Steady and Local Grain Quotations Are Unchanged.

### HOGS ARE 20 CENTS HIGHER

July wheat prices in Chicago went up five and a half cents today, but local wheat quotations were the same today after a gain of 20 cents in two days. September wheat in Chicago was three and a half cents higher and other grain was steady, with the exception of July oats, which went up three cents.

Indianapolis hog prices were twenty cents higher and receipts were three thousand under yesterday's. Indianapolis wheat prices advanced five cents but corn and oats were steady to slightly higher.

And finally, after 2 or 3 months this freshwater boy knows almost as much about a ship's ropes as does the man who has spent year on the salt water.

## THIEVES WARNED IN WASHINGTON

Path of Crook in National Capital Is Becoming Increasingly Thorny—Signs Posted

### MUST DISTRUST STRANGERS

(By United Press.)

Washington, July 26.—The path of the crook who comes to Washington seeking to reap a harvest from the war crowds is becoming increasingly thorny.

Neat little metal signs today greet the visitor's eye on every hand. They tell him how to foil the prowlers. A walk down Pennsylvania street is as good as a correspondence school in sleuthing.

"Distrust strangers. The most courteous stranger may be a clever crook," proclaims one of the signs. "Don't display your money in the open," shouts another in stinging white lettering. Others say: "Don't close your house for the summer without asking a neighbor to keep an eye on it." The police must be gentle but firm. Cooperate with them. "The policeman is your best friend," and "Watch everything that goes on around you. Observation is the best safeguard."

## MIGRATION INCREASING

(By United Press.)

Terre Haute, Ind., July 25.—Michigan and Indiana is increasing. Almost daily, large numbers of negroes, mostly, from Texas, pass through Terre Haute over the Vandalia railroad, enroute to Indiana and Ohio cities.

One day recently, seven carloads of colored men and women passed through the station here. One negro said that more than 200 of his race had left one Texas town for the north in the last few weeks.

Better working conditions in northern cities, than in the south is held responsible for the extended migration.

Oats (New)	50
------------	----

Oneal Bros. are paying 60 to 65 cents a pound for the best grades of wool.

Don't let father die of infection or lockjaw from whittling at his corns, but clip this out and make him try it.

### BOY SCOUTS THANK PEOPLE

The Boy Scouts of the St. Paul's M. E. and Main Street Christian troops heartily thank all of the people who assisted them on their camping outing at Laurel. They were taken to and from the camp in machines, the use of which was donated, and much of the equipment was loaned.

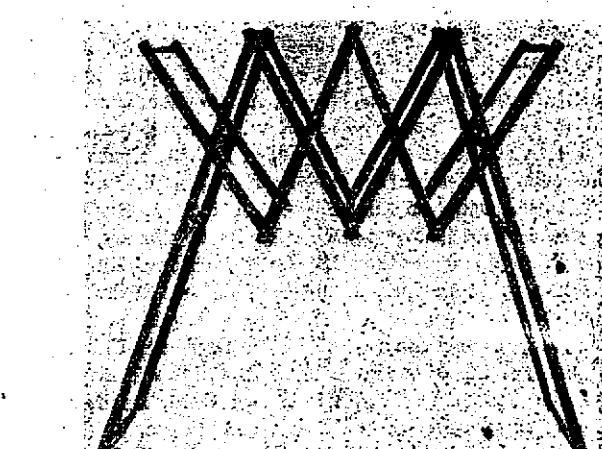

### COUNTY'S OFFICIAL LIST HAS NOT ARRIVED HERE YET

(Continued from Page 1.)

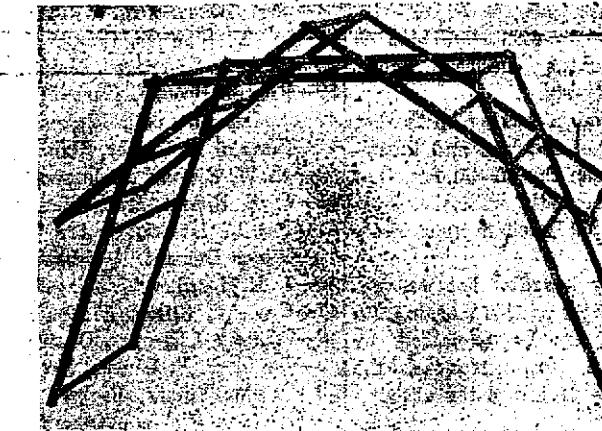

alter the notices are sent out.

Every man who is called has to submit to a physical examination first. This it to lessen the work because if a man who wants a discharge for some reason or other is found to be physically unfit, it will not be necessary to file a claim for exemption before he is examined, but the board will not consider it until after the physical examination to see if he is eligible on that score.

## The Ideal No 1 Folding Clothes Rack

Eliminate the worry of a wet wash day by hanging your washing indoors upon the Ideal Rack. It is convenient and practical and when folded in this position will take an entire family washing or ironing.

When in this position the rack can be used to air bed clothing on. It also makes an ideal tent for the kiddies; place it on the lawn, throw an old blanket or tarpaulin over it, and there you are, a tent set up in a minute and can be taken down just as quick.

## Attention Farmers

Grading wheat under U. S. Standards, a law which all grain dealers will have to abide by.

The official grain standards of the United States for wheat were fixed, established, promulgated and published on March 31 by the Secretary of Agriculture, under the authority given in the Grain Standard Act. This act of Congress establishes wheat grades for the entire United States, from the farm to the export terminal. Effective on Indiana wheat July 1, 1917.

Number Two Red Winter wheat shall be cool and sweet, contain not more than thirteen per cent of moisture, shall test not less than fifty-nine pounds per bushel, contain not more than four per cent of damaged kernels, and not more than one per cent of foreign matter.

Number Three Red Winter wheat shall be cool and sweet, contain not more than fourteen per cent moisture, shall have a test weight of at least fifty-seven pounds, shall contain not more than seven per cent of damaged kernels, and not more than two per cent of foreign matter.

Number Four Red Winter wheat shall be cool and sweet, contain not more than fourteen per cent moisture, shall have a test weight of at least fifty-five pounds. Shall contain not more than ten per cent damaged kernels, not more than one per cent heat damage, and not more than four per cent foreign matter.

Number Five Red Winter wheat may be musty or sour, contain not more than fifteen per cent moisture, test not less than 53 pounds per bushel. May contain not more than fifteen per cent damaged kernels, not more than three per cent heat damage and not more than six per cent foreign material.

Dockage includes sand, dirt, weed seeds, weed stems, chaff, straw, grain other than wheat, and any other foreign material which can be removed readily from the wheat by the use of appropriate sieves cleaning devices, or other practical means suited to separate the foreign material present; also undeveloped, shriveled and small pieces of wheat kernels necessarily removed in properly separating the foreign material. The quantity of dockage shall be calculated in terms of percentage based on the total weight of the grain including the dockage. The percentage of dockage so calculated shall be stated in terms of whole per centum and half per centum. A fraction of a per centum when equal to, or greater than a half, shall be treated as a half, and when less than a half shall be disregarded. The percentage of dockage so determined and stated shall be added to the grade designation.

For a full copy of the Official Standards write to the Secretary of Agriculture, Washington, D. C., or to your Congressman.

It will be seen that the requirements of grading are a trifle more strict. Dirty wheat, or wheat that is even slightly damp, cannot grade either number two or three in any market. It rests primarily with the farmer to see that the grain is threshed dry, and is properly cleaned. Dockage rules for dirty wheat are very explicit.

The only time to get rye out of wheat thoroughly is while the grain is standing. More than one per cent of rye prevents any wheat grading number two. One-tenth of one per cent makes it unfit for seed. Cockle is still worse and must be removed, if at all, before harvest.

## THE DAILY REPUBLICAN, RUSHVILLE, IND.

### Personal Points

—Frank McCorkle of Milroy visited here on business today.

—Charles A. Fraze visited in Indianapolis on business today.

—Clyde Kitchen of Milroy attended to business in this city today.

—F. W. Porterfield of Richmond transacted business here today.

—Mrs. Emma Havens and Mrs. O. M. Dale visited in Indianapolis today.

—Whitelaw Spurrier of Princeton, Ill., is the guest of his father, John H. Spurrier.

—Miss Gertrude Laughlin left for a two weeks visit at Cedar Lake, Ind., today.

—Mrs. W. P. Elder and children were among the passengers to Indianapolis this morning.

—Miss Reba Beale has returned from Greenfield, where she spent the past week with friends.

—Mrs. Elbert Lathroy of Washington, D. C., is visiting Miss Mary Amos over the week-end.

—Miss Cornelia Schriber and Mrs. Clifford King were among the visitors in Indianapolis today.

—Ed Wallace of Bicknell visited Mr. and Mrs. Charles Caron today enroute home from Union City.

—Miss Marian Scholl left this morning for a week's visit with friends in Rossville and Danville, Ill.

—G. E. Nipp of Omaha, Neb., is visiting Mr. and Mrs. Carl Nipp and other relatives in this city and county.

—Mr. and Mrs. Walter Hubbard and sons Fred and Ward left this morning for a motor trip through Wisconsin.

—Mr. and Mrs. P. E. Maley returned to Chicago today after visit with her father, Ell Jones and other relatives.

—Mrs. Owen Westerfield of Richmond came this morning to spend the week-end with her sister, Mrs. Sylverton Bebont.

—Miss Marjory Cox has returned from a visit at Ryland, Kentucky. She was accompanied home by Miss Christine Plummer of Newport, Ky.

—The Misses Daisy Church and Elizabeth Reardon, William Oldfield and George Storch, all of Connersville, motored here last evening.

—John Madden, T. E. McAllister, James Kratzer, Alva Newhouse and Al Linville motored to North Vernon today and attended the county fair.

—Mrs. Joseph Bark of Indianapolis is visiting her brother, Denny Ryan and family. Mr. Ryan, who has been ill for two weeks, remains about the same.

—Mrs. Bert Heaton and children went to Indianapolis this morning where they will visit the Rev. and Mrs. Roscoe C. Smith over the weekend.

—John Lewis has returned from a three weeks' visit in Washington, D. C. His mother, Mrs. Laura Lewis, who has been visiting in New York, joined him at Washington and accompanied him home.

—Mrs. Leo Mull and children Mildred and George, of Cedar Rapids, Iowa, who have been visiting Mr. and Mrs. G. C. Wyatt for several weeks, left this morning for a three week's visit with relatives in Indianapolis and Huntington.

### RUNS NEEDLE IN HER HAND

Miss Mildred Oneal suffers painful injury while on visit

Miss Mildred Oneal, daughter of Mr. and Mrs. W. S. Oneal of this city, suffered a painful accident Tuesday afternoon when she ran a crochet needle through her right hand at the home of Miss Thelma Fox in Connersville where she is visiting. Miss Fox and Miss Oneal had been crocheting in the yard. Miss Oneal pushed the needle into the ground and started to get up. Her hand came in contact with the point of the needle and it sank deeply into the flesh, going nearly through her hand. Efforts to remove the needle was futile and a physician was called, who removed it, but not without great pain to Miss Oneal. It is not believed she will suffer any ill effects from the accident.

—J. A. Davis of Indianapolis made a business trip here today.

### TO DISCONTINUE TWO PASSENGERS

C. I. & W. Will Take Off Two Trains  
Passing Through Rushville on  
On Next Sunday

### TIME OF 2 OTHERS CHANGED

Following the policy of other railroads in the conservation of fuel, man and motive power, the C. I. & W. railroad will discontinue two passenger trains on the local division starting Sunday. The two trains to be discontinued are No. 1, eastbound, due here at 9 a. m. and No. 2, westbound due here at 6:05 p. m.

Westbound train No. 32 now due here at 9:20 p. m. starting Sunday will leave Cincinnati at four o'clock instead of 7 o'clock, arriving in Rushville at 6:50 p. m. Whether this train will carry mail is yet to be learned by postal officials. They are of the opinion, however, that the mail from No. 2 which will be discontinued, will be sent on No. 32, under the new schedule. Under the new schedule No. 32 is due to arrive in Indianapolis at 8 a. m., requiring four hours between Cincinnati and Indianapolis.

The only other change is on No. 31, eastbound, now arriving here at 11:37. It will arrive at 11:33 a. m. under the new schedule.

### CARNIVAL OPENS WITH LARGE CROWDS

Only Hitch Is Failure of The Red Cross to Give Home Talent Production

### MAY BE PERFORMANCE TONIGHT

The annual Catholic carnival opened last night with a large crowd in attendance. The stands and various concessions did a large business. The only hitch in the opening night program was the failure of the show which was to have been given in the church hall.

The show was to have been given under the auspices of the Red Cross and at the last minute the Red Cross found it did not have the necessary program. For this reason the show was not opened. Tonight's show is to be under the direction of Company B but it was not known today whether a performance would be given or not. The Odd Fellows band is furnishing the music for the event which will continue over Friday night.

### Amusements

The Gem will show the William Fox feature, "The Love Thief," for the program tonight. Gretchen Hartman and Alan Hale are featured.

It is a five act feature and there are many big scenes. Tomorrow the final episode of, "The Double Cross," will be shown.

"Princess of the Dark," is the title of the feature drama at the Princess tonight. Enid Bennett is featured. It tells a story of a blind girl, whose wonderful imagination makes her forlorn surroundings a fairyland of beauty. In addition the comedy, "When Hearts Collide," will be shown. Tomorrow Bryant Washburn will be seen in the feature "Skinner's Bubble."

The Lyric offers the feature, "Dropped From the Clouds," for the first picture tonight. It is said to be a spectacular production. The second is a comedy, "Ring Rivals." The last is also a comedy, "The Boss of the Family." Tomorrow the feature, "Do Children Count," will be shown.

—J. A. Davis of Indianapolis made a business trip here today.

The Campbell-Bosworth Machinery company has filed suit on an account against Fred D. Neutzenheller and Louis Neutzenheller, demanding \$75.

## NEW LYRIC

### TONIGHT "101 Bison"

"Your Money Back If You Want It."

## Cox's Shoe Store

All Men's and Women's Pumps and Oxfords, regular prices \$4, \$5, \$6 and \$7, go at \$2.95, \$3.95, \$4.95 and \$5.45.

¶ This is a clean sweep of all the Low Shoes in our store, including not only lines in which the sizes are broken, but complete lines in all the newest lasts and Leathers. The most wanted models—the finest shoes in the store.

¶ These prices—\$2.95 to \$5.45—are less than the same shoes would cost to make today.

¶ We are overstocked on these goods because the weather upset normal purchasing. Folks do not buy low shoes till they need them. There were only 10 clear days in April and May—and scarcely more in June. This put us behind on our regular sales and we are going to sacrifice these goods without reservation—as it is the policy of this store never to carry goods from one season to another.

¶ This is your opportunity as most of the summer is still before you. We want to remind you again: This is Not an Ordinary Shoe Sale. Ordinary reductions mean little. These are standard values—shoes of known merit, of fixed prices—and this sale represents a striking and genuine economy. We stand back of every pair. They are the Best.

The same rate of reduction goes for the LITTLE FOLKS. A few pair left of the old stock which is being offered at a ridiculously low price.

**Winship and Denning**

## FILLS PLACE AT THE CHAUTAUQUA

Miss Florence Simms, Formerly of This City, Lectures on Effect of the War on Women

### HOW THEY HAVE MEASURED

Is Familiar With Conditions on Account of Her Work as Y. W. C. A. Industrial Secretary

Miss Florence Simms, daughter of Mr. and Mrs. M. Simms of Mattoon, Ill., formerly of this city, who will be remembered by many people here, filed an engagement at the Mattoon chautauqua recently when the speaker failed to appear. Miss Simms is industrial secretary of the Young Women's Christian association and is dealing with the complex problems confronting the women of America through the tragic advent of the war. She spoke of "The Effects of the War upon the Industrial and Economic Life of Women," bringing intimately before the audience some of the dangerous phases and contingencies growing out of present day conditions.

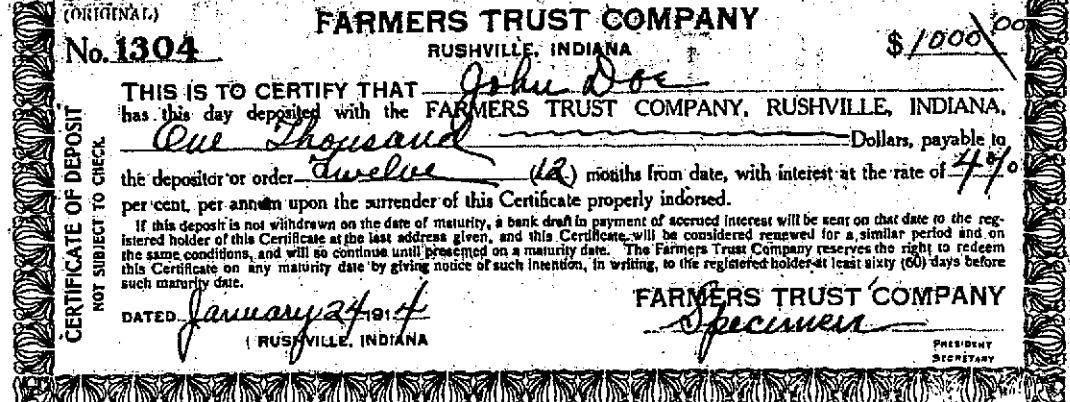

In her talk, according to the Mattoon Commercial, she gave a sharply etched word picture of the busy munition factories in England and France where women are taking the place of men, and are working long hours and on night shifts in toil that is little better than slavery because all barriers to overwork have been torn down and they are allowed by law and compelled by conditions to labor at a killing pace in work that is beyond their strength.

She pictured, also, the similar conditions in the factories of our own country, stating that New Hampshire and Vermont have set aside their labor laws and that New York asks for a legalization of service of children over twelve years of age during six months of the year, all on the plea of patriotism when the true motive is simply greed on the part of the big money makers. In closing her remarks on this phase of the situation she made a plea that the people should come to interpret democracy in terms of the things that are near at hand instead of the things across the sea and that its first meaning still should be to us, "An equal opportunity for every man and woman in the country." In touching on the social situation contingent upon war conditions she spoke of the moral issue as a grave issue in which democracy must demand the moral safety of our army. Then she spoke of the work being accomplished by the Y. W. C. A. in this line and when we learned from her lips that they are raising a fund of \$1,000,000 for the protection of girls and boys under the conditions which are almost inevitable in army camps, we realized that some of the true hearted women of this American republic are making the characteristic fight of womanhood to save the personal honor of the nation's youth.

Miss Simms' talk made a strong appeal and when she turned to retire from the platform it was amidst a roar of applause. Her retirement was halted, however, by Mr. Dewart, who asked her to wait a moment and he took occasion to tell the audience that the management had offered her the check which was to have been given Mr. Loose and that she had refused, saying that she gladly gave her services for her own city and requested that the check be sent to New York to swell the war relief fund. This evidence of her unselfish patriotism caused another demonstration on the part of the audience and the final surprise of the hour followed when S. R. Evans with strongly put expressions of thanks to Miss Simms for saving the day, presented her with a beautiful traveling bag as a mark of appreciation from the official board of the chautauqua.

¶ HOTEL LIFE EXPENSIVE

¶ Petrograd, July 2 (By Mail) — This is a good place to omit for your summer tour unless you are well upholstered with green-backs. Hotel life isn't even tolerable at less than \$25 a day. The fare from London and back amounts to about \$1,000, including maintenance.

### Advantages of Our Self-Renewing Certificates

1. This Certificate can be renewed from time to time by simply HOLDING THE CERTIFICATE and thus make it a permanent investment.
2. It relieves the holder from any annoyance of collecting interest and having the Certificates renewed at every maturity date. We mail you interest check to your last known address on each maturity.
3. This Company will make loans to the face value of the Certificate.
4. There is absolutely no speculative value to these Certificates and they are not affected by the rise and fall of the security market. THEY ARE ALWAYS WORTH PAR.
5. We claim to pay you on this Certificate the highest rate consistent with absolute safety and permanence of the principal.

### COLLEGE CHUM IS HOOVER'S HELPER

Lyman Wilbur, Assistant to Food Administrator, Have Long Known Each Other

### ATTENDED LELAND STANFORD

Ever Since 1880 The Partnership Has Continued Though They Were Often Separated

Washington, July 26.—The Hoover-Wilbur combination is at work again, this time in the interests of the nation's welfare.

Way back in the '80s Ray Lyman Wilbur was a dignified senior in Leland Stanford University, at the same time that Herbert C. Hoover, then a big gawky, mining student, was a junior. Both students were earning their own way through school, and incidentally just about running the school at the same time, according to reports. Hoover got himself elected financial manager of all athletics, with a small salary for his work, and thus added to his small income.

This was one time when contrasts did not draw to each other. Neither man was brilliant and flashy—both had to dig for what they got, and neither had time to go in for the fraternity crowds. Unconsciously they formed a silent partnership based upon absolute trust and confidence in each other.

Clear down through all the years since the two students were graduated this partnership has continued sometimes separated by half the distance around the earth. Letters were regular and often.

When Dr. Wilbur was elected president of his old university, Leland Stanford, he called his partner, then away over in England, and had him elected to the board of directors. And so they ran the university.

Now Herbert C. Hoover, food administrator of the United States has reversed the case and called his old partner to his assistance. Dr. Wilbur is to head the food conservation department, while Hoover heads the food control department.

Thus continues the friendship, never a question when the other calls, each ready to give up everything to go to the other, with not a thought of material gain, for more than thirty years without a strain or friction.

### HAS LARGE MEMBERSHIP

Fort Wayne, Ind., July 26.—Membership in the Fort Wayne branch of the Red Cross is nearing the 9,000 mark and officials hope to raise this total to 10,000 in the course of the next few weeks.

# CARNIVAL

July 25, 26, 27, 28

Exchange  
Fancy Booth  
Everybody Welcome

Edited by Miss Katherine Hitt.

Dr. and Mrs. W. T. Lampton were the host and hostess to a number of relatives today, when they entertained with a delicious course dinner at their home in Milroy. Covers were laid for Mr. and Mrs. W. D. Martin, Mrs. Arka Tompkins and Mrs. Frank Hayes of Indianapolis.

\* \* \*

Mr. and Mrs. Elmer Griffith entertained with a well appointed noon day dinner yesterday at their home in North Jackson street, when the guests included Mr. and Mrs. B. O. Simpson, Claude Simpson of Ros-

well, N. Mex. and Mr. and Mrs. A. P. Wagoner. A large bowl of field daisies added their beauty to the attractively laid table.

\* \* \*

Complimentary to their sister, Miss Helen Thompson of Greensburg, the Misses Elizabeth and Florence Gronier entertained a number of girls with a theater party last evening. After leaving the show the girls were taken to the Greeks and then entertained with a motor party. The guests were; the Misses Phyllis Dean and her house guest, Evelyn Russell of Franklin, Harriet Smith, Marie Clark, Dorothy Frazee, Marian Titsworth, and Elsie Frazee.

\* \* \*

Mrs. Charles Pettis enjoyed a delightful surprise, yesterday afternoon, when fourteen of her friends planned a miscellaneous shower and went to her home, 217 South Pearl street, and took her many beautiful presents. A social afternoon was spent and a dainty luncheon was served on the tables which were spread in the yard. Bud vases of red and white gladioluses marked the places for the guests.

\* \* \*

Miss Olive Buell's piano pupils will give a recital tomorrow after-

noon at 3:00 o'clock at the First Presbyterian church and the public is cordially invited.

\* \* \*

Miss Alice Norris entertained with a slumber party, last evening, complimentary to her niece, Miss Lillian Bell of Huntington, West Va. An elegant course breakfast was served. The guests were the Misses Dorothy Mulno, Katherine Gaffin, Dorothy Sparks and Esther Anderson.

## GERMANY WILL NOT STARVE

(By United Press.)

New York, July 26.—Germany won't be starved next winter. Germany is beginning to believe the U-boat will not starve England.

These are the impressions acquired in Germany by a distinguished newspaper man of neutral nationality who cabled the United Press today.

## MRS. MOONEY IS SET FREE

San Francisco, Cal., July 26.—Mrs. Rema Mooney, one of the five defendants in the murder case growing out of the bomb explosion here last summer and which have excited world-wide interest, was acquitted late yesterday. After a trial that had lasted nine and one-half weeks, the jury deliberated fifty-one hours before reaching its verdict of "not guilty." Seven other indictments are pending against Mrs. Mooney, but it is uncertain, according to the district attorney.

French forces pressed forward over unoccupied German trenches near Augerville in the Champagne and met the enemy beyond, inflicting heavy losses, the statement said.

## GERMANS CAPTURE FIRST LINE TRENCHES

Suffering Terrible Losses, Teutons Succeed in Desperate Attack East of Huitebese

## ASSAULT OVER 3-MILE FRONT

(By United Press.)

Paris, July 26.—Suffering terrible losses, German troops nevertheless succeeded in a desperate attack last night in occupying first line trenches east of Huitebese, due south of La Bovelle. The official statement declared the attack was in great force.

The German assault was over approximately a three mile front in the same sector which has been battered unceasingly and unsuccessfully by the crown prince for the last week. The French here hold the dominating position on the Chamen Des Dames.

French forces pressed forward over unoccupied German trenches near Augerville in the Champagne and met the enemy beyond, inflicting heavy losses, the statement said.

## AIR RAID FAILS TO STOP COURT

Judges, Witnesses and Counsel Go Right on With Business Despite Danger

## DON'T LOOK OUT WINDOWS

By J. W. PEGLAR  
(U. S. Staff Correspondent.)

London, July 7 (By Mail).—While bombs rained in the streets nearby and a 100 guns roared at the sky during the last big aeroplane raid, judges, counsel and witnesses in London courts went right along with the dull job of boiling down evidence into justice.

Rose Witten, a pretty girl of seventeen, stayed in the witness box in one court and gave evidence in a little louder tone to be heard above the bombs.

"You need not continue the case if you are frightened," said the judge to Miss Witten.

"I'm not frightened," she replied. "Let's go on with the story."

Before continuing the case the justice appealed to all in the court-room to "die like Englishmen" if they must die.

In Justice Darling's court the roar was deafening but the court didn't adjourn for a moment. While the raid was at its worst he turned to the counsel and said: "The raid seems to be over. Let us go on with the case till they come back."

In the Chancery court, Justice Astbury interrupted to say: "I am told there is a raid going on. If you look out at the windows you may see the aeroplanes." "Not interested," said a witness.

## RUSSIAN EMBASSY IS NOW BUSY PLACE

Washington, July 26.—The Russian embassy, on Sixteenth street near Scott circle, has been converted into a big office building by Boris Bakhtieff, the new Russian ambassador.

The former stronghold of Romanoff diplomacy and magnificence has been turned into a great business office for the transaction of the American share of the new republic's business.

The library, where once the clinking of tea cups could be heard, will become a workshop for the new envoy and the clatter of the typewriters will supersede the cups.

## PLANS NOT COMPLETE FOR CANNING PARTY

Use of Domestic Science Department Allowed, But Arrangements Could Not be Made.

## ONE MAY BE HELD NEXT WEEK

The first of the series of canning parties under the auspices of the Rushville women's food conservation committee could not be arranged for tomorrow afternoon, but it is likely that plans will be completed in time for one of the parties next week. The committee yesterday was given permission by the city school board to use the domestic science department at the Graham high school building for canning work.

Just how the material will be gathered and how volunteers to do the work will be recruited has not been worked out yet, but it will be.

The committee is not certain yet whether it will be able to sell the food and fruit canned to the army. A member of the committee was told a few weeks ago by Adjutant General H. B. Smith of the Indiana National Guard that he would buy all that could be canned. This is not certain now, however, because the Guard officers are not sure whether they can use the canned goods after they reach their permanent camp at Hattiesburg, Miss.

## 2,000 TEUTONS CAPTURED

Many Prisoners Lost to Russian and Roumanian Troops

(By United Press.)

Petrograd, July 26.—Two thousand Teutonic prisoners have been taken by Roumanian and Russian troops in their offensive in the Carpathians and Roumania; today's official statement asserted.

The Roumanians took 1,000 of the enemy with 33 guns and 17 machine guns. The Russians captured the same number of troops and took 24 machine guns.

Robert McIntyre, son of Mr. and Mrs. Robert McIntyre, who underwent an operation Tuesday for the removal of his tonsils and adenoids, is recovering nicely.

STATE OF INDIANA, RUSH COUNTY, SS: PERRY GOSNELL, WILLIAM B. WAGONER ET AL. PETITION FOR DRAIN.

NO. 1214. Notice is hereby given that the undersigned, commissioner, to whom was assigned the construction of the drain or drains designated in the report of the drainage commissioner in the above entitled cause, will from this day until the 11th day of August, 1917, receive bids for the work, entitled cause, in the City of Rushville, in said County and State, for the construction of said proposed drain. Said contract will be let as a whole in accordance with the plans and specifications on file at the office of the County Surveyor in the City of Rushville, Indiana. Dated this 24th day of July, 1917. O. E. HUME, Drainage Commissioner. July 25-26-27. Drainage Commissioner.

## NOTICE OF ASSESSMENT

STATE OF INDIANA, BUSH COUNTY, SS: PERRY GOSNELL, WILLIAM B. WAGONER ET AL. PETITION FOR DRAIN.

NO. 1215. The undersigned, drainage commissioner appointed in the above entitled proceedings to construct a certain ditch and drain in said Rush County and State of Indiana, as described and reported in the report of the drainage commissioner therein made at the Marion Circuit Court and confirmed by said Court, hereby gives notice to the land owners whose lands are assessed for the construction of said drain, that the assessments against said lands, will be required to pay said assessments to the drainage commissioner at the office of Meece & Ross in the City of Rushville, in the County of Rush and State of Indiana, in installments of 10 per cent each month hereafter until the whole sum of the assessment is paid.

Dated this 24th day of July, 1917. O. E. HUME, Drainage Commissioner. July 25-26-27. Drainage Commissioner.

## NOW READY FOR YOUR VIEW; TEN NEW CHALMERS FOR THE AUTUMN TRADE; EACH A LURE TO THE MAN WHO LIKES A THING WELL MADE; AND A SOLACE WHEN YOU FIND HOW SMALL THE COST

Chalmers has set the motor calendar ahead two months. It calls attention to those who make it a point to keep up with things to its new Autumn and Winter styles of cars.

Possibly you did not buy a car in the Spring because of the war, but now that business is better and money easier, here's your chance to get a peek sixty days ahead of the Fall and Winter motor car types.

At least at the Autumn and Winter Chalmers; and after you have seen one of them you can almost guess the rest; and you will be tempted to believe that the prices will run much higher than the price tags actually show.

Here they are:

1. A five passenger Chalmers that looks and acts quality.
2. A corking Roadster that any alert woman will love to drive.
3. A Speedster guaranteed to do 80 miles an hour.
4. A Town Car that will make any woman supremely happy.
5. A seven passenger car that in comfort leaves little to the imagination.
6. A Cabriolet that is wind proof, sun proof and storm proof—and alluring.
7. A Limousine that is thoroughly correct in appointments.
8. A Limousine Landau which speaks a volume in practicability.
9. A Sedan that is "nimble on its rolling rubber feet".
10. A Town Car Landau that, in our judgment, tops anything like it ever built.

All these gorgeous Chalmers are built on one chassis—a quality chassis; the bodies fully justify the chassis.

One look makes you reach for your cheque book.

TOURING CAR, 5-PASSENGER \$125	TOWN CAR, 7-PASSENGER \$225
TOURING CAR, 7-PASSENGER \$135	TOWN CAR, LANDAU \$245
STANDARD ROADSTER \$125	LANDAU, 7-PASSENGER \$265

### 51 MEN ENTOMBED IN MINE

Several Are Known to Have Been Killed in Halifax Explosion

Halifax, July 25.—Several men are known to have been killed and 51 are entombed in the Dominion

Coal Company's No. 6 mine at New Waterford, following an explosion, according to word received here this afternoon. One report was that 12 bodies had been recovered and that five men had been rescued alive. Fifty-one men are still unaccounted for. Some of these, a report stated, are certainly dead.

### THIS IS NOT WORK OF GERMAN SPIES

Painting of Figures on Barns Along National Road is For Direction of Student Aviators

**RUSH CO. FARMERS LIBERAL**

Many of Them Donate Use of Their Fields For Landing Places For Youthful Fliers

Travelers on the National Road need not be alarmed and think they have discovered the work of some German spies when they see a large figure painted in white on the roof of a house and an arrow giving the direction. This is being done merely to show student aviators in their trial flights from Camp Wilbur Wright near Dayton, O., to the Speedway near Indianapolis and return where to make a landing.

The work of locating the route was started yesterday from the Speedway, proceeding east. The numbering is being done under the direction of Sergeant C. W. Pyle of the Fourth Indiana regiment supply company and John Bookwalter.

With few exceptions farmers along the route have generously allowed the use of their fields free for landing places. The National Road is very close to the Rush-Henry line and in some cases the landing places are on farms extending into Rush county or owned by Rush county men. R. E. Henley of Carthage is one of the men whose farm will have a landing place on it. The farmers along the Rush-Henry county line who have donated the use of their fields are as follows:

In Henry County—Foye Crouse, A. E. Carroll, A. E. White, Miss Pray, G. O. Philips, Fred E. Huddleston, A. L. Hopper, J. A. Bartlett, R. C. Morgan, P. S. Nugen, G. B. Morgan, C. C. Brown, R. E. Henley, A. L. Moffitt, W. E. Hill and A. O. Morris. The army truck bears the words "Emergency Landing Fields, United States Aviation Corps." There will be eighty-three landing fields between Richmond, Ind., and the speedway, and thirty-six between the national road and the speedway.

The farmers along the route have generally shown their patriotism by giving permission for the use of their fields. Only three farmers refused requests for the use of their property for aeroplane landing places. One was a Quaker, living near Richmond, who said he did not believe in war. Another was a German farmer, who said he was not in favor of preparedness, and another was a farmer living near Ft. Benjamin Harrison, who said he would not allow his ground to be used because there was "no money in it" for him. Sergeant Pyle said the fields belonging to these men would have to be used without their permission, as the locations were necessary for carrying out the route plan.

### NOTICE OF BOND SALE

Notice is hereby given by the undersigned treasurer of Rush county, State of Indiana, that up until 2 o'clock p. m. on MONDAY, AUGUST 6TH, 1917, at the office of the county treasurer, the court house at the city of Rushville, Indiana, he will receive sealed bids for the purchase of thirty-eight thousand one hundred and fifty-one dollars (\$38,151.00) read bonds; said bonds to be eighty (80) in number, dated August 1st, 1917, each bond for the principal sum of \$476.85 each, bearing interest at the rate of \$476.85 each, half 1/2 per cent per annum payable semi-annually on the 15th of May and November of each year. The first four bonds will be due and payable on May 15th, 1918, and four bonds each six months thereafter until all of said bonds have been paid. Said bonds have been issued for the purpose of providing funds for the construction and improvement of a certain highway petitioned for by Henry E. Guffin et al. of Washington and Franklin counties, Indiana, and will be sold to the highest bidder for not less than par and accrued interest. The right is reserved to reject any and all bids.

JOHN O. WILLIAMS,  
Treasurer Rush County, Ind.  
July 26-11

### MOVEMENT ON TO RAISE MORE SHEEP

Shortage of Wool This Year Leads to Plans for Reviving Once Paying Business

**TO RESTOCK LAKE STATES**

Movement Will Culminate in "Sheep Rally" to Be Held in Chicago in August

Chicago, Ill., July 26.—Rehabilitation of sheep husbandry in the state of Michigan, Wisconsin, and Minnesota to combat the wool famine in the United States brought about by the war, which shut off imports normally of a total of 300 million pounds, are the plans rapidly being formulated here. Under the banner of the National Sheep and Wool Bureau, merchants, manufacturers and dealers have joined the western sheepmen, and the packers for the movement in "wool preparedness" for the nation.

The American Sheep Breeder in its current issue, cites figures showing a loss since 1900 of over 2,040,000 sheep in these 3 states, which means a decrease in the national wool clip of 15,000,000 pounds. At present, this wool would bring the nice round sum of \$10,000,000 in addition to the meat supply.

The issue of the Sheep Breeder also cites startling figures, showing that over 30,000,000 acres of the best clover land remains idle in the United States, while the nation faces the worst wool shortage it has ever experienced.

Plans are being worked out by the various bodies interested in the movement to restock with sheep the great lakes states. An investigation is extended to range wool growers to visit the great lakes sheep country and look over conditions.

The big "wool push" movement will culminate in the "sheep rally" which is to be held in Chicago late in August. The Wisconsin Advance-ment Association, the Michigan Agricultural Development Association and other state and local organizations will co-operate for the success of the convention. The Illinois Council of Defense is taking an active interest and the packers, stock yard and other interests will work to bring about important developments during the convention.

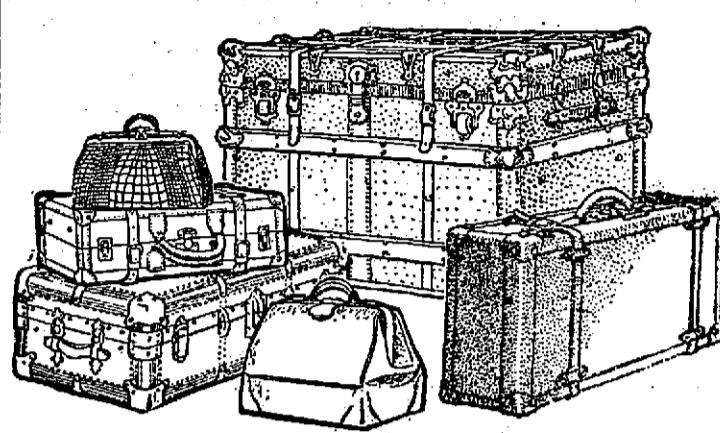

LARGE FORCE IS AT WORK ON CAMP

Cantonment at Hattiesburg Being Rushed to Completion for Indiana Troops

### TO BE PLACED UNDER CANVAS

Hattiesburg, Miss., July 26.—A force of more than 1,000 mechanics, engineers, and laborers was at work today making Camp Shelby—where Indiana and Kentucky national guardsmen will train for war—a fit place for habitations for the 30,000 troops from those two states. The work must be completed by September 1, under the terms of the contract with the government, and the contracting company hopes to have the camp in shape at an even earlier date.

Except for frame hospital buildings and administration offices, the entire cantonment will be of canvas. Tents will not even have the customary wooden floors, army officers

declaring this to be unnecessary because of the condition of the soil here, which seldom becomes damp or muddy.

Workmen have already made surveys for streets for the camp, erected many tents and have nearly completed installation of the water system for the big cantonment. A battalion of regular army troops is expected here within a few days to do guard duty on the reservation until the arrival of the guardmen.

Less than two weeks ago, the site of Camp Shelby was a wilderness—a tract of cut-over pine land. It is located on a ridge that rises 200 feet above the surrounding territory and is 300 feet above sea level.

**Boschee German Syrup**

Why use ordinary cough remedies, when Boschee's German Syrup has been used so successfully for fifty-one years in all parts of the United States for coughs, bronchitis, colds settled in the throat, especially lung troubles. It gives the patient a good night's rest, free from coughing, with easy expectoration in the morning, gives nature a chance to soothe the inflamed parts, throw off the disease, helping the patient to regain his health. 25c and 75c bottles. Sold by Pitman & Wilson. (Adv.)

To The Men Wishing To Join Some Branch of Service.

I am still able to accept men for Cavalry Troop E.

To the men of conscription age, I especially urge to be examined quickly as the time is short for them. To all men I tender a chance to join the service in one of its most spectacular branches. I am able to recruit anywhere in the state, so your chance to join is getting smaller every day. If interested call me at phone 1115, Rushville, or go to any recruiting officer for I. N. G. and tell him you wish to join Troop E.

**MAJOR JOHN CARR,**  
Commanding Officer
